AbdelRahman Sadek

Project Coordinator

✉ atsadek99@gmail.com 📞 +201097778227 in *linkedin.com/in/abdelrahman-sadek-615563228*

Technical Project Coordinator with extensive background in both Software development and Networks and Security fields. I have gained an intimate understanding of what makes a technical project successful showing leadership and ownership to maximize the business value. Always having both systematic and analytical approaches to problem solving with demonstrated ability to manage projects from initiation through execution and completion under fast-paced and sensitive environments.

Experience

AOM Project Coordinator - **Full Time** - **Orange Business**   *Apr 2023 - Present*

- Working on providing end-to-end ownership for all optimization projects for different customers with committed deadlines as agreed with the project sponsors. AOM PC role starts once the project resources are agreed, processes are charted and high level project plan is agreed.

Associate Project Manager - **Full Time** - **Orange Business**   *Oct 2023 - Mar 2024*

- Supporting specific customer Japan Tobacco International (JTI) for four months as an associate project manager. End to end PM responsible for delivering the agreed outcomes required from the project, and conducting stakeholder analysis by defining and managing customer expectations both stated and unstated.

Technical Consultant - **Full Time** - **ITSS Egypt**   *Dec 2022 - April 2023*

- ITSS leads full-stack developments, managed services, migration to cloud and system integration specific to Temenos platforms for transformational digital and core banking solutions. Worked on Egyptian National Post Office T24 based projects.

Web Developer - **Freelance**   *Oct 2020 - Oct 2022*

- Developing web applications for small startups and companies using MERN stack.

Internship - **Entech Egypt**   *Jul 2020 - Sep 2020*

- Worked on building a demo for the company's new website using MERN stack.

Internship - **Egabi Solutions**   *Aug 2019 - Sep 2019*

- Collected and analyzed information relevant to assigned tasks. Offered creative solutions and approaches to problems.
