Anjali P

Front End Developer

Sharjah UAE|panjalianju555@gmail.com |+971543651795 | www.linkedin.com/in/ anjali-p-1b5443126

SUMMARY

Experienced Frontend developer with over 5 years of experience translating UI/UX design wireframes into actual code to produce visually appealing and functional web applications. Actively seeking a challenging role to apply my adaptable nature to new technologies and quick learning ability, and contribute to innovative projects within a collaborative team environment.

PROFESSIONAL SYNOPSIS

- Proficient in front-end technologies such as **HTML, CSS, JavaScript (ES6), Bootstrap.**
- Experienced in developing responsive and user-friendly web interfaces and applications and understanding of SEO principles.
- Skilled in utilizing popular front-end frameworks and libraries like **ReactJS**, **AngularJS**.
- Familiar with cross-browser compatibility and accessibility standards to ensure optimal user experience.
- Experienced with Git for code versioning and collaboration.
- Strong understanding of UI/UX best practices, ensuring seamless integration of design and functionality.
- Capable of working with databases and API integrations to build comprehensive solutions.
- Familiar with Agile methodologies and capable of working effectively in collaborative team environments, contributing to sprint planning, and delivering on project goals.
- Basic Understanding of creating wireframes and mockups using Adobe Illustrator.

PROFESSIONAL EXPERIENCE

Backend Developer   June 2023 -March 2024
Fidelity National Information Services, Inc. (FIS), Bangalore, India

- Developed and maintained backend services using Java and Spring Framework, improving system performance by 20%.
- Utilized SQL for data querying, inserting, updating, and deleting operations, achieving a 30% reduction in database response time.
- Used SOAP to test services, enhancing reliability and reducing integration errors by 15%.

UI Developer   September 2018-June 2023
Fidelity National Information Services, Inc. (FIS), Bangalore, India

- Developed responsive user interfaces using CSS, HTML, and JavaScript, improving UI/UX design.
- Implemented page load and image optimization, enhancing website performance.
- Managed version control using Git to track changes and maintain the codebase, reducing merge conflicts by 13% and ensuring seamless collaboration.
- Mentored 5 junior developers in UI development and clean coding practices, contributing to a 25% improvement in their code quality.
- Delivered solutions using Agile principles, increasing team productivity by 30%.
- Used Visual studio code for effective code editing and debugging, increasing code quality by 18%.
- Collaborated with Business Analysts to analyze client business requirements, resulting in the preparation of comprehensive solution documents. Achieved a 20% reduction in misinterpretation of requirements, enhancing project clarity.
- Systematically reviewed and analyzed functional design documents to align with project requirements, ensuring a 15% decrease in design-related discrepancies.
- Consistently met 96% of deadlines, demonstrating strong project management skills.
- Contributed to accurate story estimations, facilitating effective sprint planning. Managed task allocation resulting in a 30% increase in team productivity and on-time project delivery.
- Participating in code reviews and providing constructive feedback to team members to improve code quality and maintainability

EDUCATION

Bachelor of Technology: Information Technology: GPA: 8/10
Kannur University - Kerala, India

SKILLS

Html	SOAP	Maven	Microsoft PowerPoint
CSS	SQL	Jenkins	Communication Skill
JavaScript (ES6)	Bitbucket	Postman	Interpersonal Skill
React.JS	Eclipse IDE	Microsoft Word	Adaptability
REST API	Visual studio code	Microsoft Excel	Debugging
Bootstrap	JIRA	Adobe Illustrator	Responsive design
			Problem-solving

CERTIFICATION

- Certified SAFe Practitioner by Scaled Agile, Inc.
- Responsive Web Design by freeCodeCamp.

REWARD AND RECOGNITION

- Honored with the Star Performer Award at FIS for independently managing and completing various functionalities end-to-end.
- Consistently received accolades from Managers and the LOB Head for delivering high-quality code on or before deadlines.
