## EDUCATION

**Center For Advanced Studies in Engineering University** *(Jan 2015 - Jan 2019)*
Bachelors, Computer Science

## SKILLS

React Native

Firebase

RESTful APIs Integration

Redux

Javascript

Visual Studio Code, Postman

Typescript

Cocoapods

Responsive UI Design

HTML5, CSS3, Bootstrap

Firebase

CI/CD

Stateless Management

Publishing in Stores

Agile Development

## PROFESSIONAL SKILLS

Hard-working, dedicated and efficacious worker

Organized, goal oriented and analytical thinker

Ability to work in a challenging environment with consistency

Valued contributor who performs confidently and effectively under pressure and thrives on challenge

Enthusiastic learner who quickly grasps new concepts and technical skills

## LANGUAGES

**English**
Conversational

**Urdu**
Native

## ADDITIONAL INFORMATION

Good learner and self-confidence person

Passionate for good programming

Focused on writing optimized and good quality code and try to deliver client satisfaction work

Ability to lead projects with team

Confidence to implement new ideas

Honest and dedicated to my work

Adjustable to working environments

Good at achieving results in time

---

Highly experienced and skilled senior React Native developer with a strong background in full-stack development and a passion for creating intuitive, user-friendly mobile applications. Proven ability to lead cross-functional teams and manage projects from concept to launch, resulting in a 50% increase in user engagement and a 15% increase in team productivity. Proficient in React Native, JavaScript, and related technologies, with experience in native iOS and Android development and Git version control. Strong problem-solving and communication skills, and the ability to work well in a team environment.

## WORK EXPERIENCE

**Witbit Ltd** *(May 2022 - Present)*
Senior React Native Developer

- Led the development of a successful React Native mobile app, resulting in a 50% increase in user engagement
- Mentored junior developers, leading to a 15% increase in productivity
- Implemented new features and functionality using React Native and related technologies
- Worked closely with product and design teams to ensure a seamless user experience
- Managed project timelines and delivered projects on time and within budget

**Witbit Ltd** *(Dec 2021 - Apr 2022)*
React Native Developer

- Developed and maintained React Native components, screens, and features for the mobile app using TDD practices.
- Collaborated with other developers to implement new features in a way that is consistent with existing codebase conventions.
- Provided technical leadership by mentoring junior engineers on best practices related to software development and engineering processes.
- Participated in design discussions regarding application architecture, feature implementation, or any other relevant topic as required.
- Provided technical expertise in the process of application development.
- Built mobile apps for clients in diverse industries.
- Designed, developed, tested, and deployed mobile applications following client requirements.
- Made recommendations regarding system expansions and alternative approaches to app development.

**Digit Solutions (Private) Limited** *(Sep 2019 - Nov 2021)*
React Native Developer

- Cooperating & communicating with other team members for efficient management works.
- Delivering and implementing the project as per scheduled milestones.
- Designing, Developing, Implementation and troubleshooting of applications.
- Providing suggestions to manage and enhance the work culture of the Company.
- Developed Date Time Picker using Object Oriented JavaScript extensively.
- Designed and developed base classes, framework classes and reusable components.
- Involved in Understanding functional specifications and developing creative solutions to meet business requirements.
- Highly Curious about new front-end development technologies and thoroughly mastering them with a keen awareness of new industry developments and the evolution of programming solutions.
- Worked closely with the project management and marketing team to completely define specifications to help ensure project acceptance.

**Universal Service Fund (Ministry of IT & Telecom Pakistan)** *(Mar 2017 - Jan 2018)*
Software Developer

- Built modern applications using JavaScript, PHP, and HTML and supported the company's development and testing processes.
- Led a team of 5 junior software developers in creating two web portals of the Ministry of IT Pakistan that were "ICT for Girls" & "Artisans for All".
- Continually identified areas that needed improvement and guided junior developers in measuring the level of adjustment required.
- Oversaw the creation of reports concerning software project specifications.
- Performed testing and troubleshooting of systems as required by the Software Development supervisor.
- Consulted with clients to identify their projects' specifications and follow up with deployed applications' status and any technical issues.

## FEATURED PROJECTS

**SHERBUTT HOUSE**
Sherbutt House is CMS mobile app for providing care and support services tailored to individual needs located in the beautiful market town of Pocklington located near to York.

- **Role:** Design and development (Mobile Apps)
- **Technologies:** React native JS, Redux, API Integration, O-Auth, React Navigation, Native base
- **Team Size:** 1
- **Platform:** Android & iOS
