WORK EXPERIENCE

UI/UX Designer

KODE Labs

10/2022 - Present

Michigan, United States

KODE is a building management platform that optimizes building systems, provides operational savings, and increases profit for real estate owners.

Achievements/Tasks

- Collaborated cross-functionally with product managers, stakeholders, and engineers to contribute to the definition of product requirements and roadmaps.
- Led the strategic overhaul and redesign initiative for the company's flagship product, driving comprehensive restructuring to enhance overall efficiency and effectiveness.
- Produced comprehensive deliverables, including wireframes, prototypes, and high-fidelity comps, to effectively communicate design concepts and depict user interactions.

UI/UX Designer

The Kinnect Company

12/2021 - 10/2022

Florida, United States

Kinnect is a free, simple & secure platform that allows users to store and share their important information with those who matter most.

Achievements/Tasks

- Led end-to-end design processes for both web and mobile platforms, delivering impactful user experiences through the creation of wireframes, prototypes, and high-fidelity designs.
- Collaborated closely with the Product Owner to translate conceptual ideas into actionable user stories, ensuring alignment with business goals and enhancing overall product usability.

EDUCATION

Accounting and Finance

University of Prishtina

10/2017 - 09/2021

Pristina, Kosovo

Thesis

- Law and Regulation of Financial Markets in Developed Countries
