Who Am I

years of software development experience with a focus on web development and javascript technologies. Launched a couple of dozen different apps on multiple platforms, turning complexity into elegant solutions, Always motivated to push my boundaries to their limits. Let's build the future, one line of code at a time!

Relevant Experience

Full-stack Developer @BeIN Media Inc.
`07/22 - 01/2024`

- ▷ Spearheaded full-stack software development, enhancing web application robustness and user experience using React, Next.js, Node.js, Tailwind CSS , and DaisyUI
- ▷ I optimized release quality by collaborating closely with developers and product owners to meticulously identify and prioritize test cases. Through comprehensive testing of new features, I ensured a robust release process. Additionally, I provided individualized feedback and support, fostering a culture of continuous improvement within the team.
- ▷ I played a pivotal role in advancing test automation and efficiency by contributing to the development of internal tools and frameworks. Simultaneously, I actively engaged in full-stack software development, designing, and deploying innovative solutions, fostering the creation of robust web applications.

Front-end Web Developer @Osous Technology LLC.
`08/21 - 06/22`

- ▷ I immersed myself daily in React, Material-UI and Tailwind CSS ,crafting user-friendly, responsive, and high-performing web interfaces. This hands-on engagement resulted in seamless and visually appealing designs that enhanced overall user experience and satisfaction.
- ▷ I fine-tuned React applications for peak speed, scalability, and maintainability. Consistent collaboration with back-end developers ensured seamless integration of front-end components with server-side logic, creating a harmonious and efficient system. This approach maximized overall application performance and user satisfaction.
- ▷ I played a key role in troubleshooting and resolving front-end issues, contributing to an enhanced overall user experience. This hands-on assistance ensured a seamless and user-friendly interface, reinforcing the reliability and satisfaction of the application.

Web Development Instructor @Syrian Computer Society (SCS)
`6/20 - 6/21`

- ▷ taught and mentored students in a range of courses related to the MERN stack.
- ▷ collaborated with other trainers to develop new training programs or improve existing ones
- ▷ provided individual feedback and support to students
- ▷ aimed to empower students with the skills needed for the dynamic world of web development, ensuring they were well-versed not only in traditional technologies but also in the latest advancements, including AI.

Software Tester @UserTesting.com
`12/19 - 04/20`

- ▷ Assessed software bugs and compiled findings along with suggested resolutions for development team members.
- ▷ Wrote and optimized test cases to maximize success of manual software testing with consistent, thorough approaches..
- ▷ Carried out tests to identify, report and repair bugs and glitches.

Skills

Experienced:

Javascript (ES6), Typescript, NodeJS, Vue, React, Docker, SPA, ExpressJS, MongoDB, Webpack, Vite, HTML, CSS, Cypress JS, Pytest, Puppeteer, NgRx/Redux,JIRA, Swagger, Material UI, NPM, GIT, JQuery, Bootstrap, Ant Design, JEST.

Proficient:

Firebase, Next 13, VueJS, Tailwind CSS, DaisyUI CodeIgniter, Laravel, MySQL, MongoDB, PHPUnit, WordPress, Chrome devtools,

Familiar:

PHP, MySQL, Larave, Supabase, WordPress

Education

Tishreen University
`2019 - present // Latakia, Syria`

BSc in Electrical Engineering, **top 10% of the class**

Full Stack Web Development Diploma Certification
`2022 // Latakia, Syria`

Earned a Full Stack Web Development Diploma Certification from **Techno Home Academy**, The program provided extensive hands-on exercises and practical assignments, culminating in the completion of a final project, which involved designing a responsive website for a local business.

Languages

English fluent

Arabic native

Spanish conversant

List of projects

You can find a list of **my projects HERE**.

Soft skills

- ▷ Feedback , Gained as a software tester o n UserTesting Platform
- ▷ passion for learning and staying up to date with the latest trends and techniques in MERN Stack
- ▷ Problem-Solving: I have a knack for identifying and resolving complex problems, which is crucial in web development.
- ▷ Adaptability: I quickly adapt to new technologies and methodologies, keeping pace with the rapidly evolving field of web development.
- ▷ Learning Agility: I have a strong ability to quickly learn new technologies and programming languages, keeping my skills up-to-date and relevant.
