## PROFESSIONAL SUMMARY

A dynamic and proactive Android app development professional, possessing extensive expertise across all facets of the field. With a track record of six years in the mobile development industry, I aim to secure a role that strengthens client relationships, streamlines workflows, and advances features for sustained growth and success.

## EMPLOYMENT HISTORY

### Android Developer, SingKing Karaoke, London, UK

08/2022 - Present

- Contributed as a key member of a skilled team responsible for creating a cutting-edge speech-to-note SDK framework, harnessing the power of TensorFlow AI technology.
- Developed a lyric tracker player feature tailored for Android devices, enhancing the overall user experience.
- Increased user engagement by 45% by introducing a sing-along game feature and creating dynamic custom UI game widgets.

### Android Developer, Tribes Uk, Manchester

08/2021 - Present

- Collaborated closely with cross-functional teams to integrate features aligned with precise business objectives.

### Android Developer, Moodme, Texas, US

03/2020 - 08/2021

- Team member in the development of AR applications and experiences, leveraging cutting-edge technology to create immersive augmented reality workflows.
- Collaborated with designers and 3D artists to bring AR concepts to life and deliver engaging user experiences.
- Successfully implemented AR features that enhanced user engagement and interaction.

### Android Developer Support, Maliyo Games, Lagos, Nigeria

02/2018 - 09/2018

- Mentored and guided newcomers through bootcamps and conducted technical classes on game level design.
- Provided valuable assistance and support in the development of Unity games with Gradle, contributing to the team's technical expertise and project success.
