I'm a UI/UX designer who's great at solving problems and communicating. I'm eager to help clients, learn new things and continually expanding my technical skills through ongoing learning opportunities.

## Experience

- January 2023 -Present

### Deviant Strokes

UI/UX & Graphic Designer      Full-time

Proficient in website redesigns for enhanced user experience. Skilled at crafting compelling social media content to drive engagement.

- May 2022 - Oct 2023 (17 months)

### Adhyayan Foundation

Senior Admin Associate      Full-time

Overseeing administrative responsibilities involves the regular creation of weekly reports to update government officials on program progress, facilitating informed decision-making. Additionally, I voluntarily supported colleagues in acquiring proficiency with various software tools, including Canva, Discord, GMeet, Zoom, and Google Workspace. Furthermore, I conducted school visits to Government Primary School as part of my responsibilities.

- Dec 2021 - April 2022 (5 months)

### Entraine Pvt Ltd

Digital Marketing Associate      Full-time

Generating leads involves actively managing social media platforms such as LinkedIn and Facebook, strategically leveraging these channels to connect with potential clients. Additionally, I engage in client outreach through phone calls to establish meaningful connections and foster relationships.
