EXPERIENCE

SOFTWARE ENGINEER — Healthwire.pk
Pakistan, *August 2023 – January 2024*

- As a software engineer, I worked on the Web application of Healthwire in revenue streams such as Pharmacy, Patient Referrals, and Lab Tests
- I also played a key role in managing and optimizing the PostgreSQL database to support B2C
- Responsible for designing and maintaining the database schema, ensuring efficient data storage, and optimizing queries for improved performance.

SOFTWARE ENGINEER — Corporate Invents
Pakistan, *May 2022 – April 2023*

- Managing User experience (UX) and user Interface (UI) of web and applications
- UI Design- Create visually appealing and interactive user interfaces using Flutter's widget system
- Use Flutter's rich set of pre-built widgets or customize to match your application's design requirements

- Layout and Responsiveness: Implement responsive layout that adapt to different screen sizes and orientations
- Use Flutter's layout widgets like Row, Column and Flex to arrange and position UI elements
- Using flutter state-management framework.
