Hello, I'm Harshali

My journey in fashion has honed my ability to translate abstract concepts into captivating visual narratives. Now, driven by a passion for user-centric design, I am transitioning into the dynamic realm of UI/UX design. With a solid foundation in aesthetics and a commitment to innovation, I am eager to leverage my skills and creativity to craft engaging digital experiences that delight users and exceed expectations.

Garment Designing

During my five years in the fashion industry, I've curated a collection of garment designs merging traditional craftsmanship with modern techniques. Through digital printing, sketching, and diverse embroideries, I've crafted captivating pieces that redefine sartorial expression, blending innovation with timeless artistry.

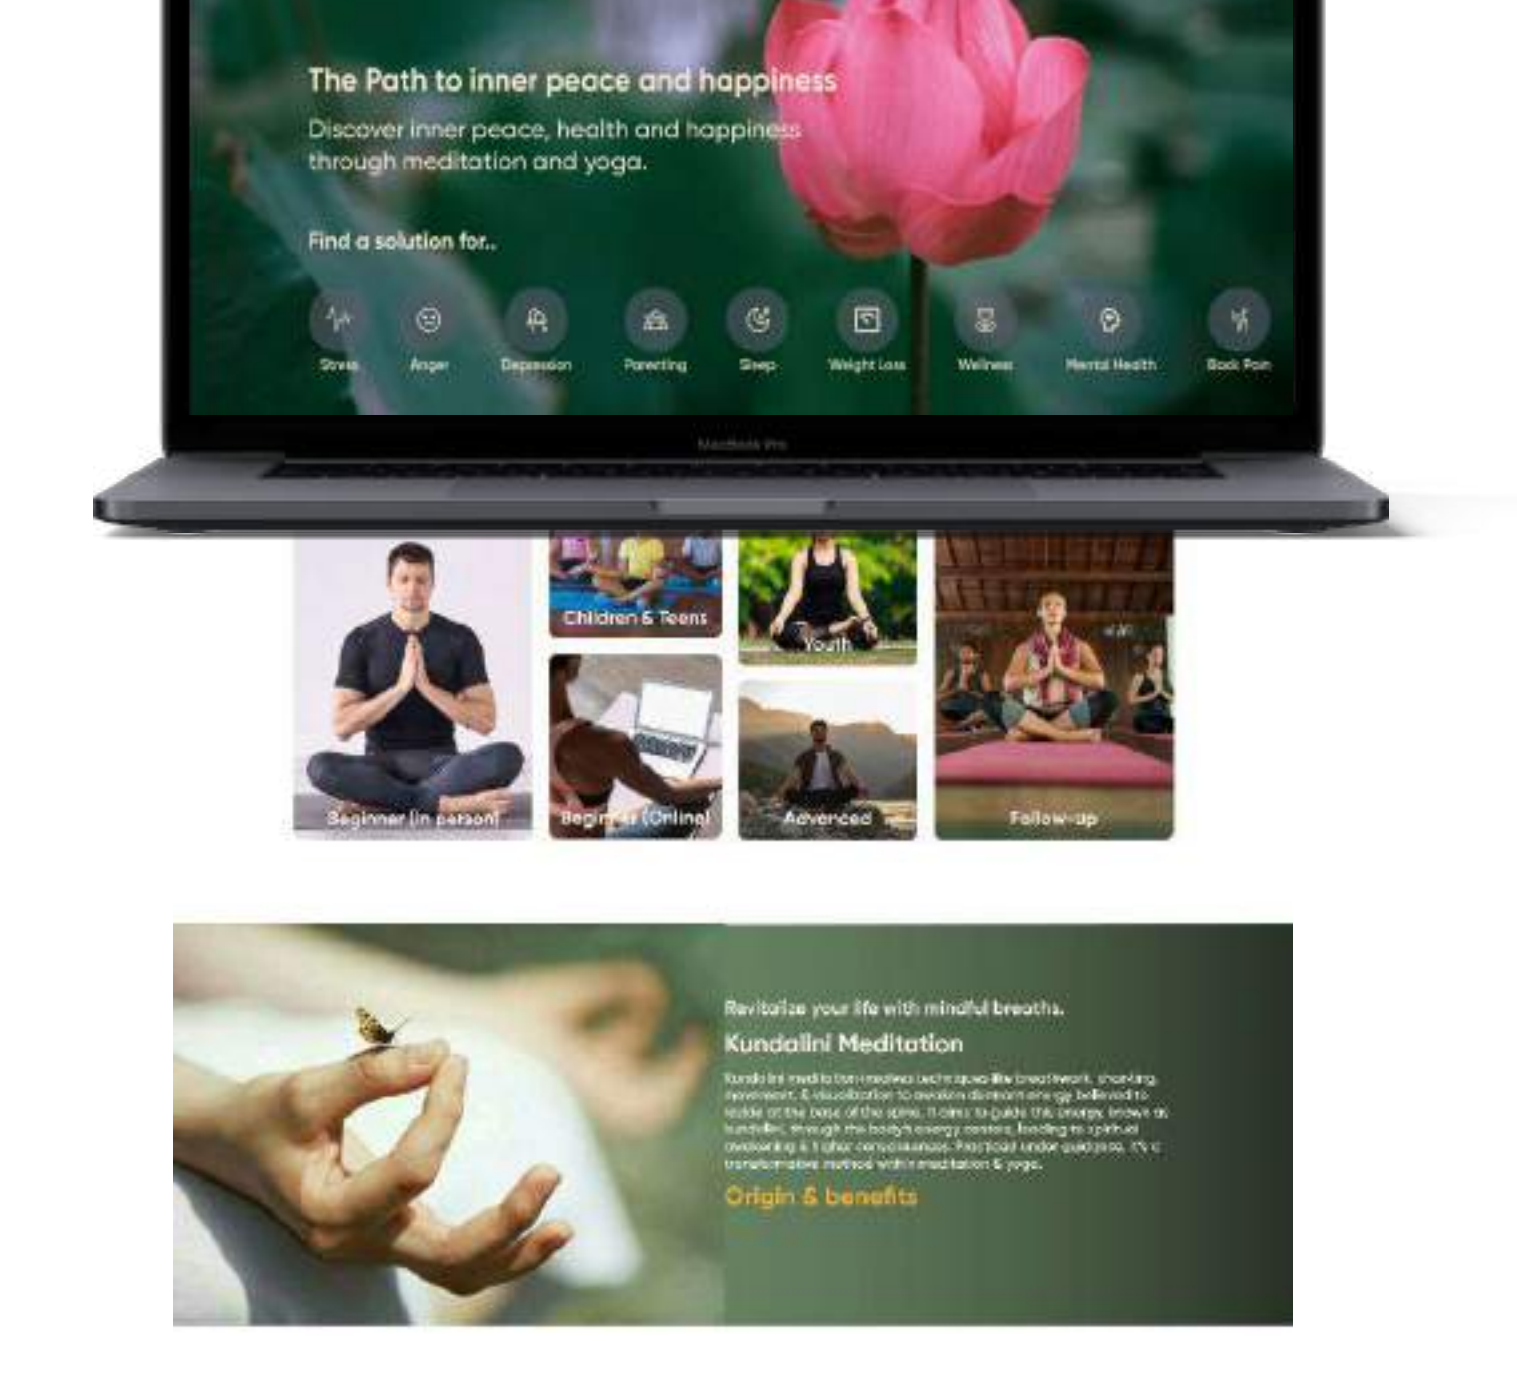

Skills:
 Sketching
 Digital Printing
 Embroidery Techniques

UI/UX Designs

Stepping into the realm of UI/UX design marks a transformative journey from fashion to digital innovation. With an eye for aesthetics honed in the fashion industry, I embark on this path, driven by a commitment to marrying visual allure with user-centric functionality. Through every interface and interaction, I strive to weave narratives that engage, delight, and elevate the digital landscape."

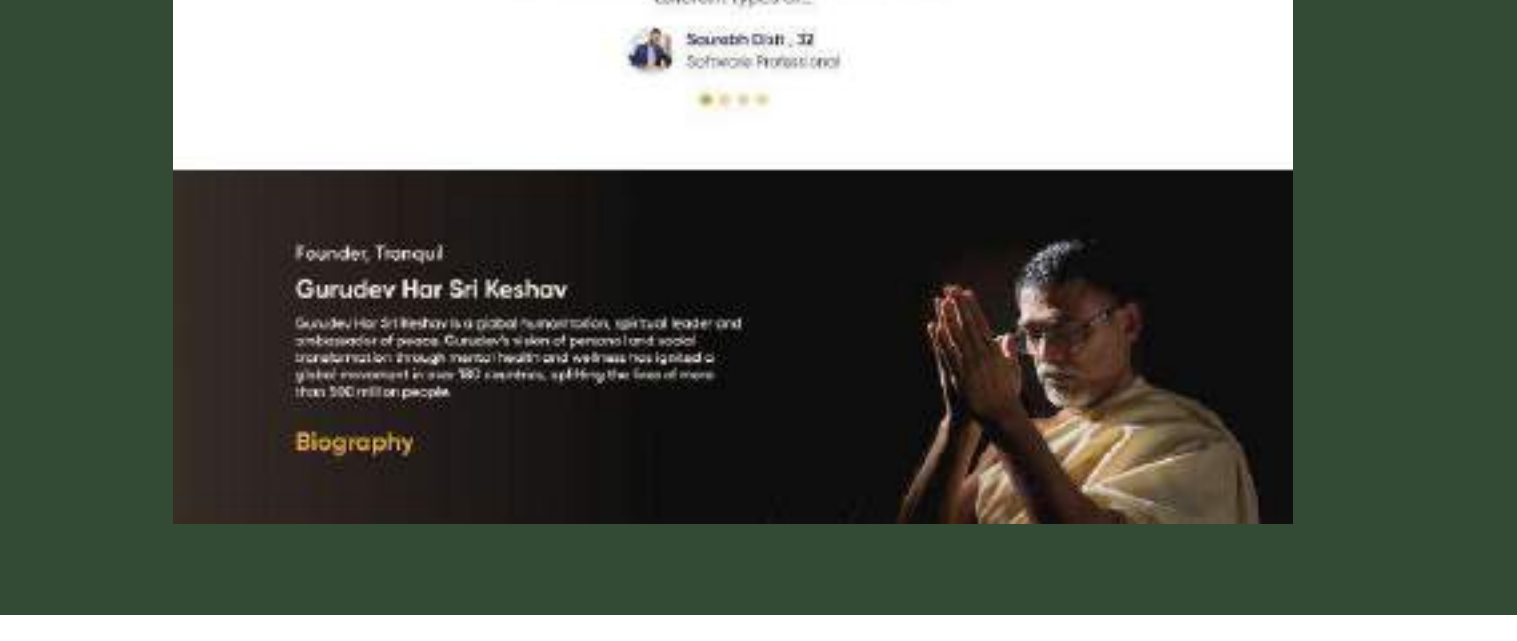

Tranquil: UI/UX Case Study

https://www.behance.net/gallery/197281565/Tranquil-Embark-on-a-journey-to-inner-peace

Tranquil: Your serene sanctuary in the palm of your hand. A meditation app and website for all ages, fostering peace and mindfulness wherever you go.

"Tranquil is your gateway to inner peace. Experience serene meditation session anytime, anywhere with Tranquil. Find calm amidst chaos and embrace clarity and balance."

Project: 2

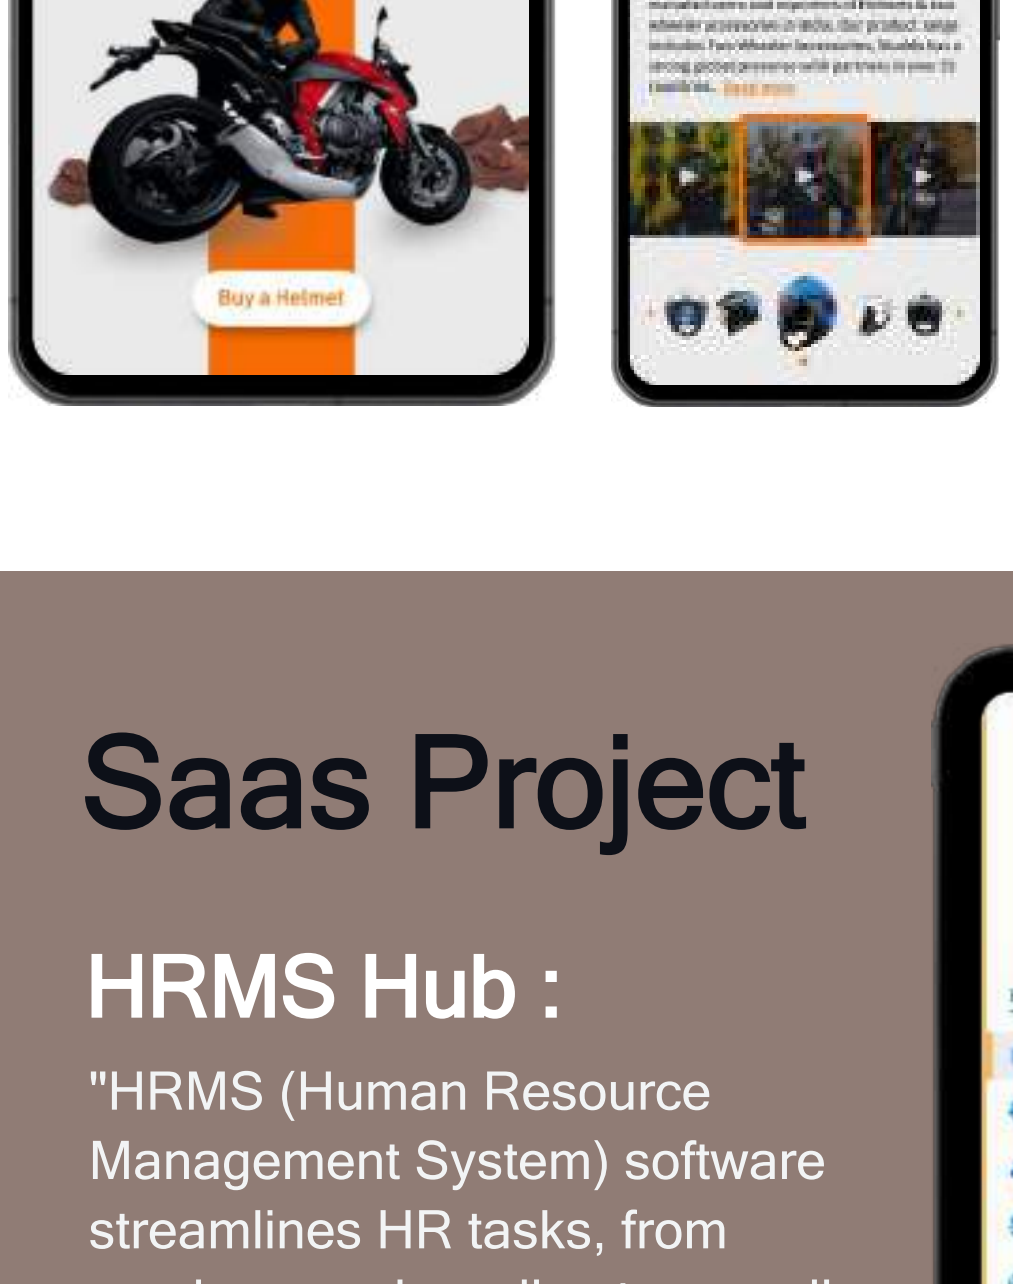

Clinic Master :

Clinic Master, the ultimate hospital management solution. From patient records and appointments to staff scheduling and billing, it automates every aspect of hospital administration. With its user-friendly interface and advanced features, it enhances efficiency, compliance, and patient care, making it the go-to choice for modern healthcare facilities."
