Work Experience

WebHivez

2022 – 2024

Graphic Design

I create digital artwork and logos using Adobe Photoshop and Illustrator, and design intuitive interfaces with Figma for enhanced web and app experiences.

Key Responsibilities

- Editing and retouching photos to enhance visual appeal.
- Creating and manipulating digital artwork and graphics.
- Designing web banners, social media graphics, and promotional materials.

- Designing icons, infographics, and typography layouts.
- Collaborating with team members and stakeholders through Figma's real-time sharing and feedback features.
- Figma: Designed comprehensive and visually appealing layouts on various websites (foodready.io, 300below.com, isspf.com, ryzeo.com, and seorankbooster.com) using Figma.
- Focused on creating user-friendly, mobile-responsive interfaces and ensuring a cohesive and engaging user experience.

TechStep

2020 – 2022

Graphic Design

- Created high-quality visual content including banners, social media graphics, and photo editing. Enhanced images and applied creative effects to produce visually compelling designs.
- Designed vector graphics, logos, and illustrations. Developed branding materials such as business cards, brochures, and promotional items, ensuring consistency with the client's brand identity.
- Produced professional layouts for print and digital publications, including magazines, flyers, and annual reports. Managed typography, images, and graphic elements to create visually appealing and readable documents

Freelancing (Upwork)

2022 – 2024

As a Freelance Graphic Designer on Upwork, I have completed numerous projects; here are the details of some notable ones:

- Design multiple size stickers in Illustrator
- Illustrate typography on cat
- 2d Vector illustration of male and female character
- Design landing page
- Advertisement Design and UX UI design
- High image resolution
- Finding or generating product photos for a nursery
- Make four images by the size of 1400x500 and logo recreation
- Banner for fiverr profile
- Quick photo editing
- Photoshop for product marketing
- Make icons background transparent
- Design four flags according to the client requirements

As a Freelance Graphic Designer on Upwork, I have completed many projects, all with 5-star ratings and positive feedback. Here are some highlights:
