Professional Summary

Driven iOS developer with working knowledge of Swift, XCode, cocoa touch framework. Want to be part of organisation where my experience, knowledge and technical skills helps to create an idea into reality and contributing to the overall growth.

Experience

Infosys

- **Senior Systems Engineer (Oct 2020 - present)**

**Project: British Telecom
(Jan2021 - Ongoing)**

BT Group plc (trading as BT and formerly British Telecom) is a British multinational telecommunications holding company headquartered in London, United Kingdom. It has operations in around 180 countries and is the largest provider of fixed-line, broadband, and mobile services in the UK, and also provides subscription television and IT services.

Working on some customization as per the requirement.

- **Systems Engineer (Mar 2019 – Sept 2020)**

**Project - PNB ONE
(Sep 2020 – Dec 2020)**

PNB ONE mobile banking app is an all-in-one application which allows you to transfer funds, view account statement, invest in term deposits, manage debit card & credit card and many other exclusive services at your fingertips.

Worked on:

-> Monitored server logs

-> iOS Google Assistant (Worked on the UI part of this feature along with one teammate)

Project - InfyME (Feb 2019 - Aug 2020)

InfyME is an Enterprise Mobile App, that brings all that is needed for Infoscion on-the-go, under one roof. Infoscion doesn't need to install multiple apps to be updated about the latest happenings within the organization, Leader blogs, applying for Leave, Work from Home or On Duty, approve pending items, and many more.

Worked on features like:

- 1. Weekend Working Change Approver*
- 2. Edit Profile Scenarios - NSR, Emergency Address, Personal Information*
- 3. Forecasting 360 (developed iOS Graphs in this module)*
- 4. Notifications Swipe (Deletion)*
- 5. Education Edit Pop-up*
- 6. Bus Transport - Bus Pass For Contract Employee (Apply), Bus Pass Request History*
- 7. QRCode Scanner*
