

Mohamed Ali Sabouni

Date of birth: 1/1/1999 **Address:** Dubai, U.A.E **Phone number:** +971 505 89 4532
Email address: ali.sabounis98@gmail.com

Profile

Computer Engineer specializing in iOS development. Proficient in Swift and SwiftUI.

Work Experience

11/2022 – present

CryptoGeek (iOS Developer)

As the lead iOS Developer for CryptoGeek, I crafted a robust cryptocurrency tracking app using SwiftUI. This application allows users to monitor real-time prices, access market data, nft ,widget, and stay updated with news.

Education

09/2018 – 08/2022
İstanbul, Türkiye

Computer Engineering | Bachelor's Degree İstanbul Bilgi Üniversitesi

Certificates

02/2021

100 Days of SwiftUI Hacking with Swift

Successfully finished the "100 Days of SwiftUI" course, honing expertise in Apple's SwiftUI framework. Proficient in crafting user-friendly, dynamic interfaces for iOS and macOS applications.

11/2020

iOS Developer Udacity

Completed the intensive Udacity iOS Developer Bootcamp, with a strong foundation in Swift programming. Gained hands-on experience in iOS app development, user interface design, and best practices.

Projects

09/2023
