01 PROFESSIONAL PROFILE

As a self-taught Front-End Developer with 2 years of hands-on experience, I bring a deep passion for web development and a robust skill set encompassing React.js, Next.js, TypeScript, JavaScript, HTML, CSS, PHP, and Laravel. Throughout my journey as a self-learner, I've actively contributed to product-based projects, demonstrating proficiency in crafting efficient and user-centric web applications. Committed to continuous growth, I remain abreast of industry trends and enthusiastically engage in open-source initiatives. My commitment to delivering top-notch code quality, coupled with my agility in adopting new technologies, positions me as a versatile and invaluable asset to any front-end development team.

02 EXPERIENCE

Front-End Developer | Popular Group(Popit soln)
Nov 2023 - Present

- Developed user-friendly interfaces for MIS software using HTML, CSS, and JavaScript frameworks.
- Leveraged React.js to architect and develop responsive and intuitive user interfaces for PopBites' eCommerce and billing software, collaborating closely with design and backend teams to ensure seamless integration and optimal user experience.
- Spearheaded front-end development for Poptalk, a comprehensive call and data management software, utilizing React.js with Redux to enable seamless data import/export functionalities and a multitude of features.

Front-End Developer | Datastone Solutions
Sep 2022 - Oct 2023

- Played a pivotal role in developing and maintaining the Campus Management ERP " **SCHOLA** " , enhancing educational administration and student management processes.
- Led the development of a Parental Monitoring " **SCHOLA PARENT** " PWA (Progressive Web App) using Next.js, empowering parents with real-time access to exam results, timetables, fees, online classes, and homework assignments.
- Demonstrated expertise in React.js, Next.js, TypeScript, JavaScript, HTML, and CSS, ensuring user-friendly and responsive web interfaces.

Front-End Developer | Freelancing
Feb 2022 - Sep 2022

- Proficiently utilized a robust technology stack, including React.js, JavaScript, HTML, and CSS, to develop engaging and responsive web applications that meet clients' specific requirements and industry standards.
- Consistently delivered high-quality, client-ready projects on time and within budget, exceeding client expectations.
- Conducted regular meetings and discussions to gather feedback and ensure alignment with client expectations.
- Make a project plan, divide projects to small parts and then assigning each parts

- Self- Motivation

PROJECTS

PORTFOLIO

- Central hub showcasing my journey as a front-end developer.
- Highlights numerous completed projects.
- Demonstrates expertise in React.js,Next Js, JavaScript, HTML, and CSS.
- Prioritizes responsiveness for an optimal user experience.
- Showcases enthusiasm for web development.

https://port-folio-three/-phi.vercel/.app/

RT ARCADES

- Implemented the Bootstrap framework to ensure a responsive and consistent design across different devices and screen sizes
- Demonstrated strong problem-solving skills by troubleshooting and resolving issues to ensure the application's reliability and functionality.

https://rtarcades.netlify.app/

Deltron

- Proficient in implementing fluid layouts, media queries, and mobile-first design principles to enhance usability.
- Committed to creating visually appealing and accessible designs that prioritize user engagement and satisfaction.
- Demonstrates expertise in JavaScript, HTML, and CSS.

https://www.deltron.qa/

Schola Parent app

- Developed a Progressive Web App (PWA) using Next.js, designed to empower parents with real-time access to vital student information.
- Enabled parents to monitor their children's academic progress, including exam results, timetables, fee status, online classes, and homework assignments.
- Designed an intuitive and user-friendly interface, ensuring easy navigation and access to critical information for parents.

Schola

- Developed a comprehensive student information management ERP, "Schola," to optimize educational administration and student management.
- Key features included Student Management, Accounts & Finance, School Website, Fee Management, Transportation, Inventory & Store, HR & Payroll Management, Exam Management, Year Planner & Timetable, Library Management, Enquiry & Visitor modules.
- Successfully implemented a multifunctional system that streamlined various facets of school operations, fostering efficiency and ease of management for educational institutions.
