+91-8393026050 | namansehgal252@gmail.com | LinkedIn | GitHub

TECHNICAL SKILLS

Languages: Python, SQL
Key Knowledge: Microsoft Excel, Power BI, MySQL
Libraries: Pandas, Numpy, Matplot, Seaborn

EXPERIENCE

Data Analyst Intern — May 2024 – May 2024
Afame Technologies — *Noida*
- Analyze data with Python, MySQL, and Power BI for robust insights and informed decision-making.
- Leverage Python, MySQL, and Power BI to extract, transform, and visualize data for strategic insights.

Data Analyst Intern — Apr 2023 – Sep 2023
KRYPTORA INFOTECH Pvt.Ltd — *Meerut*
- Actively participated in a learning-driven project, contributing to the development and implementation of data analysis solutions.
- Utilized Python and SQL to analyze and interpret data, extracting meaningful insights to support decision-making processes.

Management Information System Executive (MIS) — Jul 2021 - Aug 2022
Cogent-e-services — *Meerut*
- Developed and generated regular reports, dashboards and ad-hoc analysis to provide actionable insights to management.
- Administered and optimised databases, ensuring smooth data retrieval and storage.

PROJECTS

Diwali Sales Analysis | *Python, Pandas, Matplotlib, Numpy, Seaborn*
- Conducted Diwali Sales Analysis project using Python and libraries including Pandas and Matplotlib to analyze sales trends and customer behavior during the festive season.
- Leveraged Python programming skills to develop Diwali Sales Analysis project, providing actionable insights for business decision-making and forecasting future sales trends. [**View Project**]

Domino's Pizza Sales Analysis | *MS-Excel, PowerBi, MySQL*
- Developed a comprehensive data analytics project focusing on Domino's Pizza sales analysis for the period of January 2015 to December 2015, leveraging Power BI for data visualization, SQL for database management, and DAX functions for advanced calculations.
- Utilized SQL to extract, transform, and load (ETL) data from multiple sources into a centralized database, enabling efficient storage and management of Domino's Pizza sales data [**View Project**]

Sales Analysis | *MS-Excel, PowerBi, MySQL*
- The Sales Analysis project aims to provide insights into sales data using a combination of MySQL queries, Microsoft Excel analysis, and Power BI visualizations.
- Utilized for querying and extracting relevant sales data from the database. Used Microsoft Excel for employing detailed analysis, data manipulation, and preprocessing tasks. [**View Project**]

EDUCATION

Amity University — Noida
Master of Business Administration in Data Science — *Pursuing*

Chaudhary Charan Singh University — Meerut
Bachelor of Commerce — *2020 - 2022*

CERTIFICATIONS

MySQL Developer Power Bi Developer
Microsoft Excel   Core Python Programmer
Basic Mathematics for Analysis
