

SHIVANGI KAUSHIK

React Native Developer

Targeting a React Native Developer role to leverage expertise in building robust mobile applications, utilizing React Native framework to deliver high-quality user experiences and innovative solutions.

Preferred Location: Noida, Uttar Pradesh

PROFILE SUMMARY

- With a background in Bachelor of Technology, specializing in Computer Science Engineering, bringing nearly **3 years** of experience in designing and developing responsive applications in an Agile environment within the IT industry.
- Actively engaged as a React Native Developer at Quara Tech, dedicated to crafting user-friendly applications and incorporating UX Cam and Mixpanel for data-driven decisions.
- Proficient in React Native, Typescript, and JavaScript, collaborating effectively with Development Teams on industry-standard projects.
- Lead the implementation of UX Cam to enrich user experience and acquire valuable insights for continuous enhancement.
- Recognized for ensuring application reliability and stability through comprehensive unit test coverage.
- Skilled in technical support, documentation management, and software debugging, with a strong emphasis on performance optimization.
- Showcased expertise in product management, testing, and debugging, ensuring high-quality deliverables.
- Achieved improvement in application performance, showcasing a commitment to continuous enhancement.
- Extensive knowledge in user experience design, contributing to the creation of intuitive and engaging applications.

WORK EXPERIENCE

React Native Developer

Quara Tech, Gurgaon, Haryana
Apr'23- Oct'23

Key Result Areas:

- Led the implementation of track events to analyze user behavior and optimize business strategies, contributing to a more data-driven approach in decision-making processes.
- Conducted comprehensive unit test cases to ensure application reliability and stability.
- Provided technical support and documentation management for seamless project execution.
- Led performance optimization initiatives to boost application efficiency and responsiveness.
- Managed software debugging processes to identify and resolve technical issues promptly.
- Supported product management activities to align development efforts with business objectives.

Highlights:

- Implemented a streamlined code review process at Quara Tech, resulting in a more efficient software quality enhancement workflow and reduction in time-to-market.
- Achieved increase in user engagement through Mixpanel integration.
- Streamlined the development process, resulting in reduction in time-to-market.
- Received accolades for outstanding contribution to the successful launch of a new application feature.
