Experience

Senior UI/UX Designer at Vektora Studio (Jun 2021-present)

- I help clients in creating tailored UI/UX solutions for diverse businesses.
- I establish efficient design systems, ensuring consistency and speeding up workflows.
- I craft and promote UI Kit templates across platforms for wider adoption.
- I lead and mentor designers, driving the creation of appealing, functional designs.

Freelance Graphic Designer at Future Doctor Indonesia (Jan 2019-Jul 2021)

- I enhance social media aesthetics, creating captivating appearances that capture attention.
- I design diverse print materials, from dynamic flyers to impactful posters, delivering compelling visual content.
- I boosted Future Doctor Indonesia's brand recognition through strategic design, leaving a lasting impact.

UI/UX Designer at Selaras Studio (Jun 2020-May 2021)

- I design cutting-edge website interfaces tailored to diverse industries, leaving a lasting impact.
- My expertise lies in creating responsive displays that seamlessly adapt to tablets and mobiles, ensuring a consistent user experience.
- I bring designs to life using WordPress and the Elementor plugin, translating vision into interactive and visually appealing websites.
