Profile Summary

Experienced Software Engineer specializing in React Native for frontend app development, with expertise in Flutter Mobile development. Demonstrated ability to design and implement dynamic user interfaces, ensuring the seamless user interaction. Committed to staying updated with the latest technologies and continuously improving skills to deliver high-quality software solutions.

Education

Susila Devi Bansal College of Technology, Indore.

Bachelor of Engineering in Information Technology

Aug. 2017 – May 2021

Indore, Madhya Pradesh

Experience

Kellton Tech Solutions Ltd.

Software Engineer

Sep 2022 – Present

Gurgaon, Haryana

- Successfully contributed to the Life Science domain during my two-year tenure at Kellton Tech Solutions, demonstrating versatility in managing diverse project scopes and requirements.
- Worked on the Hathway project, demonstrating expertise in React Native. These projects were aimed at enhancing mobile user experiences and delivering high-quality applications.
- Developing innovative solutions tailored to specific project scopes, ensuring alignment with client objectives.
- Contributed across the software development lifecycle, ensuring coding standards and best practices adherence.
- Participated in regular meetings to resolve client issues and offered technical support to clients and internal teams.
- Conducted root cause analysis for system malfunctions, ensuring minimal downtime and smooth operations.
- Compiled progress reports highlighting achievements, challenges, and improvement recommendations.
- Actively engaged in ongoing learning, attending training sessions, workshops, and certifications to stay updated with technological advancements and industry trends.

Projects

Medicine App | [GitHub](#) | *React Native, Javascript, Redux, Firebase*

May 2024

- Utilize React Native with Firebase for real-time messaging, ensuring secure communication channels for medicine inquiries and consultations.
- Implement Redux for state management, organizing user authentication, messaging threads, and medicine data efficiently across the app.
- Utilize React Navigation for seamless navigation between screens, enabling easy access to features like medicine catalog, user profile, and messaging.
- Develop a searchable sidebar using React hooks to filter and display medicines based on criteria such as name, category, or purpose.
- Build a modal component allowing users to initiate conversations or select contacts for inquiries, enhancing communication with pharmacists or healthcare providers.

Chat Application | [GitHub](#) | *React Native, Javascript, Firebase*

Mar 2024

- Implemented a ReactNative chat application with real-time messaging, utilizing Redux for state management and React Router for seamless navigation, enhancing communication in an e-commerce platform.
- Developed a searchable sidebar with React hooks to filter and display conversations by contact name.
- Built a modal to start new conversations or open existing ones by selecting contacts from a JSON file.
- Enabled real-time messaging within conversations, updating state dynamically and displaying messages instantly.
- Utilized Redux for state management with localStorage to ensure persistence of conversations and messages.
- Integrated React Router for seamless navigation between the conversations list and individual conversation views.

Food-ordering-app | [GitHub](#) | *Flutter, Dart, firebase*

Sep 2022

- Developed an Food-ordering-application using Flutter and Dart programming languages.
- Integrated Firebase for backend services, including user authentication, real-time database, and cloud storage.
- Implemented features such as product browsing, user cart management, order processing, and payment gateway integration.
- Designed a user-friendly interface with a focus on responsive design and smooth navigation
- Conducted thorough testing to ensure the reliability and performance of the application across different devices and platforms.

Technical Skills

Programming Languages: Javascript, Dart, HTML/CSS

Databases/Statemanagement: Firebase, Mobx, Redux

Developer Tools: VS Code, Android Studio, XCode

Technologies/Frameworks: React Native, Flutter, React.js

Additional Skills: DSA, OOPS, Linux, MacOS, Window

Trainings

Kellton trainings

Feb 2022 – Oct 2022

Application Development Analyst

- Delivery Training at Kellton Tech in React Native and Flutter Mobile app development.
- AWS Partner: Accreditation (Technical)

Online Courses & Certifications

- Delivery Training at Kellton Tech (Oct 2022) - [Kellton](#)
- Career Essentials in Digital Marketing by LinkedIn (Aug. 2022) - [LinkedIn](#)
