Role : Sr. Developer
Project Duration : sept 2018 to may 2019
Description:
We have Silver, Gold, Diamond, and Platinum as privilege clubs. From the beginning itself, you will be included in our Silver Privilege Club. Keeping the good work will help you move to the higher privilege club.
Benefits of WINDS Privilege Clubs
Micro Loans
Scale your business with loans at rates lesser than the market share. The rate of interest keeps getting lower as you rise in the privilege club membership.
Untimely Death Cover
All WINDS Vendors will be covered for the eventuality of death and the surviving nominee will be given financial support to help them through the hardship. As you grow higher in the privilege club membership the duration of financial help gets longer. **APP Link** : https://itunes.apple.com/in/app/winds-captains/id1432613583,

Project Name: Copious
Project Duration : Jan 2017 to July 2017
Role : Sr. Developer
Client : Biju Vazhayil Koshy
Technologies : iOS, Objective C, REST, JSON Parsing
Project Description :

Copious Services is a Mobile application with the functionality for the services provided by Copious Services W.L.L. in The State of Qatar. The app allows its users to create service requests that are available from Copious Services W.L.L. for both "on call" as well as "AMC Services".

The assigned technicians to each project or request will be able to see their assignments and accept or reject the assignments. The app will then navigate the technicians to the user's address. The technicians and zonal managers can review and update labour and parts information through the mobile app for real time billing and payment services. We encourage rating each technician after the service is performed to improve our customer experience. **APP Link** : https://itunes.apple.com/in/app/copious-services-facilities-management-solutions/id1193451975?mt=8
