# Hunaid Patrawala
UI UX Designer

About Me

with 2+ years of experience creating intuitive and engaging user experiences for web and mobile applications. Proficient in Sketch, Adobe XD, and Figma, with a strong background in user research, wireframing, and prototyping. Collaborated with cross-functional teams to deliver successful projects for clients in e-commerce, healthcare, and finance industries.

Experience

UI/UX Designer - Internship
H-tech Solutions, Pune, India, Jan-Jun. 2023

- Designed intuitive user interfaces for mobile and web applications
- Completed 3+ UI development projects, which includes analyzing user interface issues and creating manageable solutions to achieve clients' business goals and requirements.

UI/UX Designer
Dreamsetgo, Mumbai, India, July-September. 2023

- Assisted in designing UI component, including interactive drop-down, progress indicators, and device-specific modals, optimizing search functionality.
- Assisted in organizing and generating assets in multiple formats and ensuring consistent visual elements.
- Served support in user research, contributing to insights that informed design decisions for updating modal functionality.

UI/UX Designer
Digiastro, India, October 2023 -April 2024

- Created information architecture in conjunction with interactive design, visual design, and navigation development for next- generation web-based solutions.
- Conducted user research and usability testing to identify pain points in the existing mobile app, resulting in a increase in user satisfaction.
- Collaborate with other designers to maintain design consistency and coherence across features on products.
- Communicate and implement technical strategies with cross-functional teams.

Education

Bachelor of Commerce
Leo College, Banswara, India.

- To enhance essential business skills such as accounting, finance, marketing, and management for business development.

MAAC Institute, Mumbai, India. May 2022

- learnt the principles of animation, graphic design, and video editing to create visually engaging content. They explore techniques for motion design, including timing, pacing, and storytelling, using software such as Adobe After Effect, Adobe Premier Pro, Adobe Photoshop, Adobe Illustrator.

Frontend Development
Self-Learning

- Front-end development is the process of building the user interface of a website or application. It involves creating the visual elements that users see and interact with, such as the layout, buttons, menus, forms, and other features. Where I am learning variety of programming languages and tools to create these elements, including HTML, CSS, and JavaScript.

Skills

- Figma
- Sketch
- Adobe XD
- Photoshop
- Illustrator
- Primier Pro
- After Effects
- HTML
- CSS
- Javascript
- Frameworks
- Web Design
