OBJECTIVE

Motivated and skilled Business Intelligence Analyst with 2 years of experience in transforming raw data into valuable insights for strategic decision-making. Always eager to expand knowledge and take on new challenges, seeking a better opportunity to contribute innovative solutions in a dynamic environment.

SKILLS

- Advanced Excel
- SQL
- Python
- ETL
- Data Analysis
- PowerBI
- EPM Software
- Tableau
- MS Office Suite
- Jedox
- Database Design Development
- Bug Fixing
- Business Analysis
- Data Models
- Machine Learning

PROJECTS

Implementation of Dynamic EPM Software

- Implemented EPM software, improving planning and reporting by 30%, eliminating manual processes. Integrated with existing systems for scalability, providing real-time insights for better decisions. Achieved high user adoption .

EXPERIENCE

Business Intelligence Analyst

Finlytyx AI Labs (Kochi)

02/23 – 02/24

- Developed sophisticated financial models that played a pivotal role in ensuring precision in budgeting and forecasting activities.
- Collaboration with AltinIT (Bosnia) on various projects, serving clients in the UAE and globally.
- Demonstrated expertise in Jedox, Excel, Power BI, and SQL, reducing data extraction time by 25%, managing bug fixes for better software performance, and creating dashboards that improved data visualization by 40%.
- Experienced in managing end-to-end projects, from gathering requirements and data collection to conducting user acceptance testing (UAT) and ensuring successful implementation.

Data Science Intern

Luminar Technolab(Kochi)

06/22 – 02/23

- Utilized Hadoop, Spark, Python, NumPy, Pandas, and SQL to streamline data analysis processes, resulting in a 30% reduction in data cleaning time and providing valuable insights for scalable data solutions.
- Leveraged machine learning models and data visualization tools like Matplotlib, Tableau, and Power BI to deliver predictive insights and create impactful, interactive dashboards, resulting in a 25% increase in user engagement and aiding data-driven decision-making

EDUCATION

2022 Bachelor of Science Computer Science
Mahatma Gandhi University, Kerala, India

CERTIFICATIONS

- NACTET Certification in Data Science – ML - AI -Big Data with Cloud & Tableau
- Jedox 399
- Jedox 299

PERSONAL SKILLS

- Requirement Gathering
- Adaptable and quick to acquire new skills
- Analytical Skills
- Collaborate with stakeholders
- Documentation
- Improvement and optimization
- Problem solving and Attention to Detail
- Organizational and time management skills
- Project Management
- Interpersonal skills

DECLARATION

I hereby declare that the above mentioned details are true and correct to the best of my knowledge.
