

Hi, This is

Shafiullah Sumon

UI & UX Designer

About Me

As a user UX, UI, and visual designer with experience creating large and small-scale designs. my objective is to make people feel comfortable with the product by decreasing the cognitive load. As well as maintaining my job I also served clients on freelance projects. with self-learning ability and always dedicated to resolving issues in a very efficient way. I am very friendly, and polite, and never back down from taking the responsibilities.
