Professional Summary:

- Experienced Software Engineer with 1.6+ years of hands-on experience in developing robust software solutions.
 - Proficient in Java, C, C++, PHP, and JavaScript.
 - Skilled in Linux server administration and maintenance.
 - Strong understanding of modern software development practices and methodologies.
 - Collaborative team player with the ability to work effectively in cross-functional teams.
 - Skilled in problem-solving, debugging, and maintaining code integrity.
-

Professional Experience:

3C Techies Pvt Ltd – Srinagar, Jammu & Kashmir, India

- *Associate Software Engineer* (October 2021 – April 2023)

As an Associate Software Engineer, I contributed to developing and maintaining software solutions using Java, PHP, C++, HTML, CSS, Bootstrap, and APIs. Responsibilities included collaborating across teams to design and implement features, troubleshooting code, and ensuring application scalability and performance. I gained experience in agile methodologies, version control systems, and delivering high-quality software aligned with business goals.

Freelancer

- *Web Developer* (May 2023 – Present)

As a Freelancer, I have developed and maintained dynamic web solutions using PHP, HTML, CSS, Bootstrap, and JavaScript. I collaborate directly with clients to deliver customized web applications, ensuring responsive design and seamless functionality. My role includes designing and integrating APIs, troubleshooting technical issues, and applying agile methodologies to manage projects effectively. I stay abreast of industry trends to provide innovative solutions and improve development practices continually.

Education:

University of Kashmir – Srinagar, Jammu & Kashmir, India

- *Bachelor of Computer Applications* (March 2018 – September 2021)
- CGPA: 7.59/10

Avviare Educational Hub, Glocal University – Noida, Uttar Pradesh, India

- *Master of Computer Applications* (May 2022 – June 2024)
- *Result Awaited*
