## WORK EXPERIENCE

### Cabot Technology Solutions | Kochi, India

Software Engineer L1 • October 2021 – November 2023

Apps developed: Office Anaesthesia Evaluation(OAE), SmartfHR, My Healing Mate (MHM)

#### Highlights:

- Examine client requirements, wireframes, and designs meticulously to evaluate their technical feasibility in order to provide robust support to project management teams.
- Engage in collaborative efforts with cross-functional teams to ensure that applications are not only aligned with organizational goals and customer needs but also meet high-quality deliverables.
- Conduct ongoing testing of the developed framework to pinpoint and address any threats or errors that could impede the performance of applications.
- Collaborate closely with the scrum team to transform client requirements into actionable user stories that fulfill all story points. Additionally, actively participate in peer reviews to uphold the quality standards of the code.
- Facilitated client interactions in project meetings, enhancing team understanding and clarity on project requirements and deliverables.
- Optimized app performance by analyzing and refactoring complex code, resulting in a 30% reduction in app crashes.
- Collaborated with QA team to identify and resolve bugs, ensuring a smooth user experience.

### Pofi Technologies Pvt. Ltd | Coimbatore, India

Junior iOS Developer • January 2017 – July 2018

Apps developed: HomestayDnn, Rent Rabbit, Restaurant User App

#### Highlights:

- Identify and establish the application requirements.
- Enhance the overall application development process and consistently seek opportunities to boost performance.
- Work closely with fellow developers, designers, and product owners to guarantee the successful completion of projects.
- Utilized agile methodologies to deliver project milestones on time and within budget.
- Collaborated with backend developers to design and implement RESTful APIs for seamless data communication between the app and server.
- Conducted code reviews and provided constructive feedback to team members, ensuring code quality and adherence to best practices.

## 360 Coders Software Solutions Pvt. Ltd | Coimbatore, India
