EXPERIENCE

Associate Analyst

Eviden *Apr 2023 - Present*

Requirement Gathering: Collaborated with stakeholders to gather and document business requirements for various projects, ensuring clarity and completeness.

Data Analysis: Performed data analysis using SQL and Excel to identify trends, patterns, and insights to support business decision-making.

Reporting: Created detailed reports and dashboards using BI tools (e.g., Tableau, Power BI) to provide actionable insights to management.

Project Support: Supported project managers in tracking project milestones, deliverables, and timelines, ensuring projects stayed on schedule and within scope.

Stakeholder Communication: Maintained effective communication with cross-functional teams and stakeholders to ensure alignment and successful project outcomes.

Prepared comprehensive documentation including business requirement documents (BRDs), functional requirement documents (FRDs), and use cases

Associate Consultant

Atos-Syntel *Oct 2021 - Mar 2023*

Administered SAP systems including installation, configuration, and maintenance of SAP NetWeaver, ECC, BW, and Solution Manager.

Performed system monitoring, performance tuning, and troubleshooting to ensure optimal system performance and availability.

Implemented SAP patches, upgrades, and support packs following best practices and change management procedures. Documented system configurations, procedures, and troubleshooting steps to maintain a knowledge base and facilitate knowledge sharing.

Participated in on-call rotation and provided timely support for critical issues and system outages
