# PROJECTS

## YUKIO, The Chatterjee Group

- COMING SOON
- **Project Description:** Provided fully serviced spaces with food, housekeeping, and dedicated concierge services.
- **Features:** Offered newly built spaces with modern amenities. Ensured high-quality services to enhance customer experience

## ZIKI, The Chatterjee Group

- [Google Play Store](#)
- [Apple App Store](#)
- Developed Ziki, a platform similar to Urban Company, connecting users with local service providers via a mobile app.
- Designed marketplace functionalities allowing users to browse services, book appointments, and make payments seamlessly.

## SIRRUS.AI, The Chatterjee Group

- [Google Play Store](#)
- [Apple App Store](#)
- Created an AI-powered assistant for task management and productivity.
- Developed a real estate application with AI and 3D modeling for property recommendations and virtual tours.
- Reduced app size by 70%, implemented 3D model views, and optimized performance.

## Amiyaa, AMIYAA INNOVATIONS

- [Google Play Store](#)
- [Apple App Store](#)
- A meal planning app tailored specifically for Indian households.
- food-related social media apps like Instagram

## Inner Psych, APP-WEBSITE

- [Website](#)
- Mental health consulting app with patient and health clinic portals, featuring podcasts, meditation tools, and direct communication with psychiatrists.

## Whizzkart, REACT NATIVE

- Food delivery platform with user, vendor, and delivery partner portals.
- Designed new functionalities, provided production support, and enhanced performance.

## Book Center (dialysiscenter), React Native

- Appointment booking and health management app.
- Developed functionalities for patients and health organizations, including PDF management.

## Certifications and Trainings:

### Ethical Hacking Course

- [View Certificate](#)

### Computer Forensics, R.I.T

- [View Certification](#)

### Server Side Rendering with React and Redux, UDEMY

- [View Certificate](#)

### Java 17 Masterclass, UDEMY

- [View Certificate](#)

### Web Development Bootcamp, UDEMY

- [View Certificate](#)

## Achievements

- **Successfully developed a mono repo in React Native**, supporting multiple applications with web support for faster development and efficient code sharing.
- **Implemented advanced code-sharing techniques and OTA code push-**, enhancing development efficiency and reducing update times.
- **Optimized app size**, reducing it by 40% from 50MB to 17MB.
- **Created a theme library** for multiple app support, including light and dark modes.
- **Integrated MoEngage, Mixpanel, and Firebase frameworks** for comprehensive analytics and tracking.
