🏠 New Ashok Nagar, New Delhi

## About Me

Hey there! I'm a UI/UX designer with a serious passion for making digital experiences not just usable, but downright enjoyable. I've got this knack for diving deep into user behavior and turning those insights into designs that really resonate. Strong collaborator, effective communicator, and adept project manager, I thrive in dynamic teams.

## Education

### University of Engineering and Management

#### - Bachelor's Degree in CSE(2023)

Pursuing a BTech in Computer Science while actively engaging in diverse projects to apply theoretical knowledge in practical settings.

**CGPA 7.2**

## Experience

### Nirnaya System & Solutions (DEC – WORKING)

UI/UX Associate (Full Time)

Crafting compelling PowerPoint presentations for sales pitches and proposals while also designing mobile app prototypes and elevating UI/UX design strategies resulting in a notable revenue increase for the company.

### Fruxinfo (JULY – DEC 2023)

UI/UX Designer (Full Time)

Experienced in designing ecommerce webapps, websites, social media posts, restaurant table booking app wireframes, logos, and banners and enhance user experience.

### Call For Referral (JAN - JUN 2023)

UI/UX Designer (Intern)

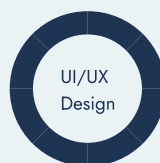

Developed prototypes in Figma, Adobe XD, and Sketch, which improved the product design from its original state.

### Bethel Pharmaceuticals (3months)

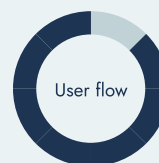

UI/UX Designer (Freelancer)

Experienced in designing product banners and ad posts.
