Check my work

With 3.8 years of experience in the UI/UX Design field, I have developed a strong foundation in user-centered design principles, wireframing, prototyping, and visual design. My portfolio showcases a range of projects I have worked on, demonstrating my ability to create engaging, user-friendly interfaces that improve the overall user experience.

Work Experience

📁 UI/UX Designer, mVerve - Bangalore

Sep 2019 - Present

- Gathering requirements from the clients/product owners
- Understand the client's business and create a user flow and site maps
- Sketching, creating low-fidelity wireframes to high-fidelity visuals and final click-through prototypes
- Communicating with the project management team in finalizing the designs

📁 Frontend Web Developer, Kaavay - Goa

Jun 2018 - Oct 2018

- Worked on local websites using Wordpress CMS
- Created web layouts using html, css, bootstrap
- Publishing websites via Go Daddy hosting platform
