WORK EXPERIENCE

Associate Software Engineer TechAhead Pvt. Ltd.

10/2021 - Present

Achievements and Responsibilities

- Collaborated across teams to create user-friendly mobile apps for iOS and Android with React Native.
- Ensured peak app performance and maintainability via efficient, modular code.
- Vital in bug identification and resolution through close QA collaboration, delivering stable software.
- Achieved significant app performance gains, reducing load times and boosting responsiveness.
- Kept abreast of industry trends, incorporated new tech, and mentored junior developers for team growth.

PROJECTS

Marshmallo - No Catfish Dating

- As a React Native developer, I created Marshmallo, a Dating App with rigorous member verification, excluding 700,000+ sex offenders. It promotes genuine connections by eliminating catfishing, ensuring a secure and honest online dating experience.

Saritoria

- A distinguished South Asian fashion marketplace. Orchestrated designer item transactions, facilitated concierge services, ensured access to authenticated pieces, and fostered a vibrant fashion community engagement.

Misk Al Dar

- Developed two apps for Misk Al Dar, a leading Kuwaiti general contracting firm with an established user base of approximately 50,000 individuals. As the React Native developer, I created separate applications for service consumers and providers, optimizing user engagement and satisfaction within the construction service industry.
