Java React.js React Native JavaScript

Angular Vue.js Next.js TypeScript

C Language HTML CSS Bootstrap

Python AWS Agile Methodologies

Rest Api Integration Azure Flutter Git

Unit testing Biometric authentication

Creative problem solving Node.js

PHP coding standards

PERSONAL PROJECTS

Quiz Application (04/2022 - 05/2022)

Nourish 2 Rise Nutrition Consulting Application (06/2022 - 08/2022)

E-commerce Application (09/2022 - 12/2022)

- As the front-end UI designer for E-commerce application, the focus was on creating a user-centric design that optimised navigation, product display, and checkout processes. I spearheaded the seamless integration of rest APIs within the app. This vital role ensured real-time synchronisation of product listings, pricing, and inventory data. By leveraging my technical expertise, I connected the front-end and back-end systems, guaranteeing accurate and up-to-date information for users.

Fitness Application (02/2023 - 04/2023)

- The Fitness Application is a cutting-edge mobile platform developed using React Native, designed to empower users to achieve their fitness goals with ease. My pivotal role as the lead Front-end UI Designer and API Integration Specialist was instrumental in creating a visually appealing and highly functional fitness experience. This included customizable workout plans, goal tracking, and performance analytics, enabling users to achieve their fitness objectives effectively.

Testo burger Application (06/2023 - 08/2023)

- <https://play.google.com/store/apps/details?id=com.testoburger>

Pet Grooming Appointment Application (09/2023 - 10/2023)

CERTIFICATES

Java Programming (11/2022 - 12/2022)

JavaScript (08/2022 - 09/2022)

C Programming (06/2019 - 08/2019)
