SUMMARY

Enthusiastic and skilled web developer with a passion for crafting clean, efficient, and user-friendly websites. Proficient in a variety of front-end and back-end technologies, I bring a creative approach to problem-solving and a dedication to delivering high-quality digital solutions.

EDUCATION

Bachelor of Informatics Engineering   **Damascus, Syria**

Arab International University   Jul 2017 - Jul 2022

WORK EXPERIENCE

Freelancer

Full Stack Developer   Dec 2021 - present

- Comprehensive Web Solutions:
  - Develop user-friendly dashboards, captivating landing pages, and seamless e-commerce components.
  - Ensure responsive design and optimization for various devices and browsers.
  - Implement robust security measures, scalability, and high-performance features.
- Client-Centric Approach:
  - Prioritize effective communication, timely delivery, and transparent budget management.
  - Offer client training and ongoing support for autonomous website management.
  - hand over thorough documentation for project understanding and future maintenance.
- Quality and Compliance:
  - Conduct rigorous testing and quality assurance to eliminate issues and enhance user experience.
  - Address security, privacy, and regulatory compliance requirements.
  - Optimize for SEO and maintain fast loading times, ensuring top-notch website performance.

Pancode   **Istanbul, Turkey**

Frontend Developer   Dec 2022 - Sep 2023

- Spearheaded the implementation and ongoing maintenance of user-facing features by leveraging HTML, CSS, and React.js, delivering a seamless integration with back-end systems and markedly improving the overall user experience.
- Demonstrated a strong commitment to collaboration by working closely with cross-functional teams. This entailed gathering comprehensive project requirements, engaging in discussions regarding project scope, and maintaining a proactive approach to provide regular development progress updates. This commitment to open and effective communication ensured a cohesive workflow and the successful achievement of project milestones.
- Adeptly transformed design mockups into interactive web interfaces, meticulously crafting designs that were not only visually appealing but also highly responsive across a wide array of devices and browsers. This dedication to responsive design greatly enhanced the user experience and fostered increased user engagement.
