Experience

Trademark Productions

MAR 2023 – JUL 2023 | LEAD WEB DEVELOPER

I work and maintain websites for US clients under TM Prod where the company is also based in the US. Setup git workflow for all websites and maintain servers. I collaborate with the team based in US. I do server configurations including DNS management. I also do set up environments for websites, bitbucket pipelines, setup GA, maintain knowledge base articles, prepare estimates, attend to concerns and develop WordPress and WooCommerce websites with Sage framework and Vue components.

Syntactics, Inc.

AUG 2021 – MAR 2023 | ASSISTANT ENGINEERING LEAD

I manage a dedicated dev team, resolving escalated projects and tasks promptly. I conduct periodic evaluations, maintain monitoring sheets, submit performance reports, and ensure compliance. I recommend and lead innovation trainings, handle server administration, and perform assigned department duties.

MAR 2019 – MAR 2023 | WEB DEVELOPER

I am experienced in various tasks including PSD to HTML slicing, WordPress development, bug fixing, version control, server management, and API integration. I contribute innovative ideas and communicate with foreign clients daily, providing level 2 and 3 support. Additionally, I have expertise in PHP (Laravel, Codeigniter), jQuery, Bootstrap, and SASS.

University of Science and Technology Southern Philippines

AUG 2021 – DEC 2021 | INSTRUCTOR I – PART-TIME

I teach System Administration and Maintenance

Department of Information and Communications Technology

OCT 2018 – DEC 2018 | PROJECT DEVELOPMENT OFFICER

My responsibilities included submitting project status updates and maintaining an updated monitoring database. I created write-ups and documented events. I conducted various trainings and events, such as Digital Literacy Training, Center Manager Training, and Tech4ED Center Launchings in LGUs, schools, and public libraries. I also provided layout designs and traveled to different areas in the Caraga Region for project engagements. Additionally, I assisted in network setups and the assembly of Thin Client packages for Public Libraries.

Father Saturnino Urios University

NOV 2017 – MAR 2018 | TEACHER

I teach Empowerment Technologies focused on ICT to Senior High Grade 12 students

Philippine Science High School – Caraga Region Campus

AUG 2017 – SEP 2017 | SPECIAL SCIENCE TEACHER

I have experience in teaching and mentoring students on various topics, including the foundations of Information and Communications Technology, Computational Thinking, and Android Development. Additionally, I have served as a club adviser for the Multimedia Club, providing guidance and support to students in that role.

iTech Digital Solutions and Services

AUG 2016 – APR 2017 | WEB DEVELOPER AND DESIGNER

I developed a website for the organization, enabling customers to make requests. Additionally, I created a chat application to enhance communication with customers. I also designed an administrative website for managing employee tasks and reviewing requested services. Throughout this process, I focused on designing user-friendly interfaces for both the user and admin websites.
