## About Us

# WHO WE ARE

Vsple Technologies Pvt. Ltd. is an ISO-certified 9001:2015 company for the following scope: SOFTWARE DEVELOPMENT, MOBILE APPLICATION DEVELOPMENT, WEBSITE DEVELOPMENT, UI/UX DESIGNING, etc. We come up with core agency staff and a consistent, close-knit team of specialists who are experienced enough to provide incredible work quality.

Why Vsple? We're often asked where our name came from, and that's simple – our working philosophy is defined by two soul words: Vivid + Splendid. We believe that actual innovation and zeal to hit the goal is achieved by working on something SPLENDID. We gather broad insight, and requirements before commitment and accordingly adapt strategies to the individual challenges our customers face.

## Process

# FLEXIBLE WORK

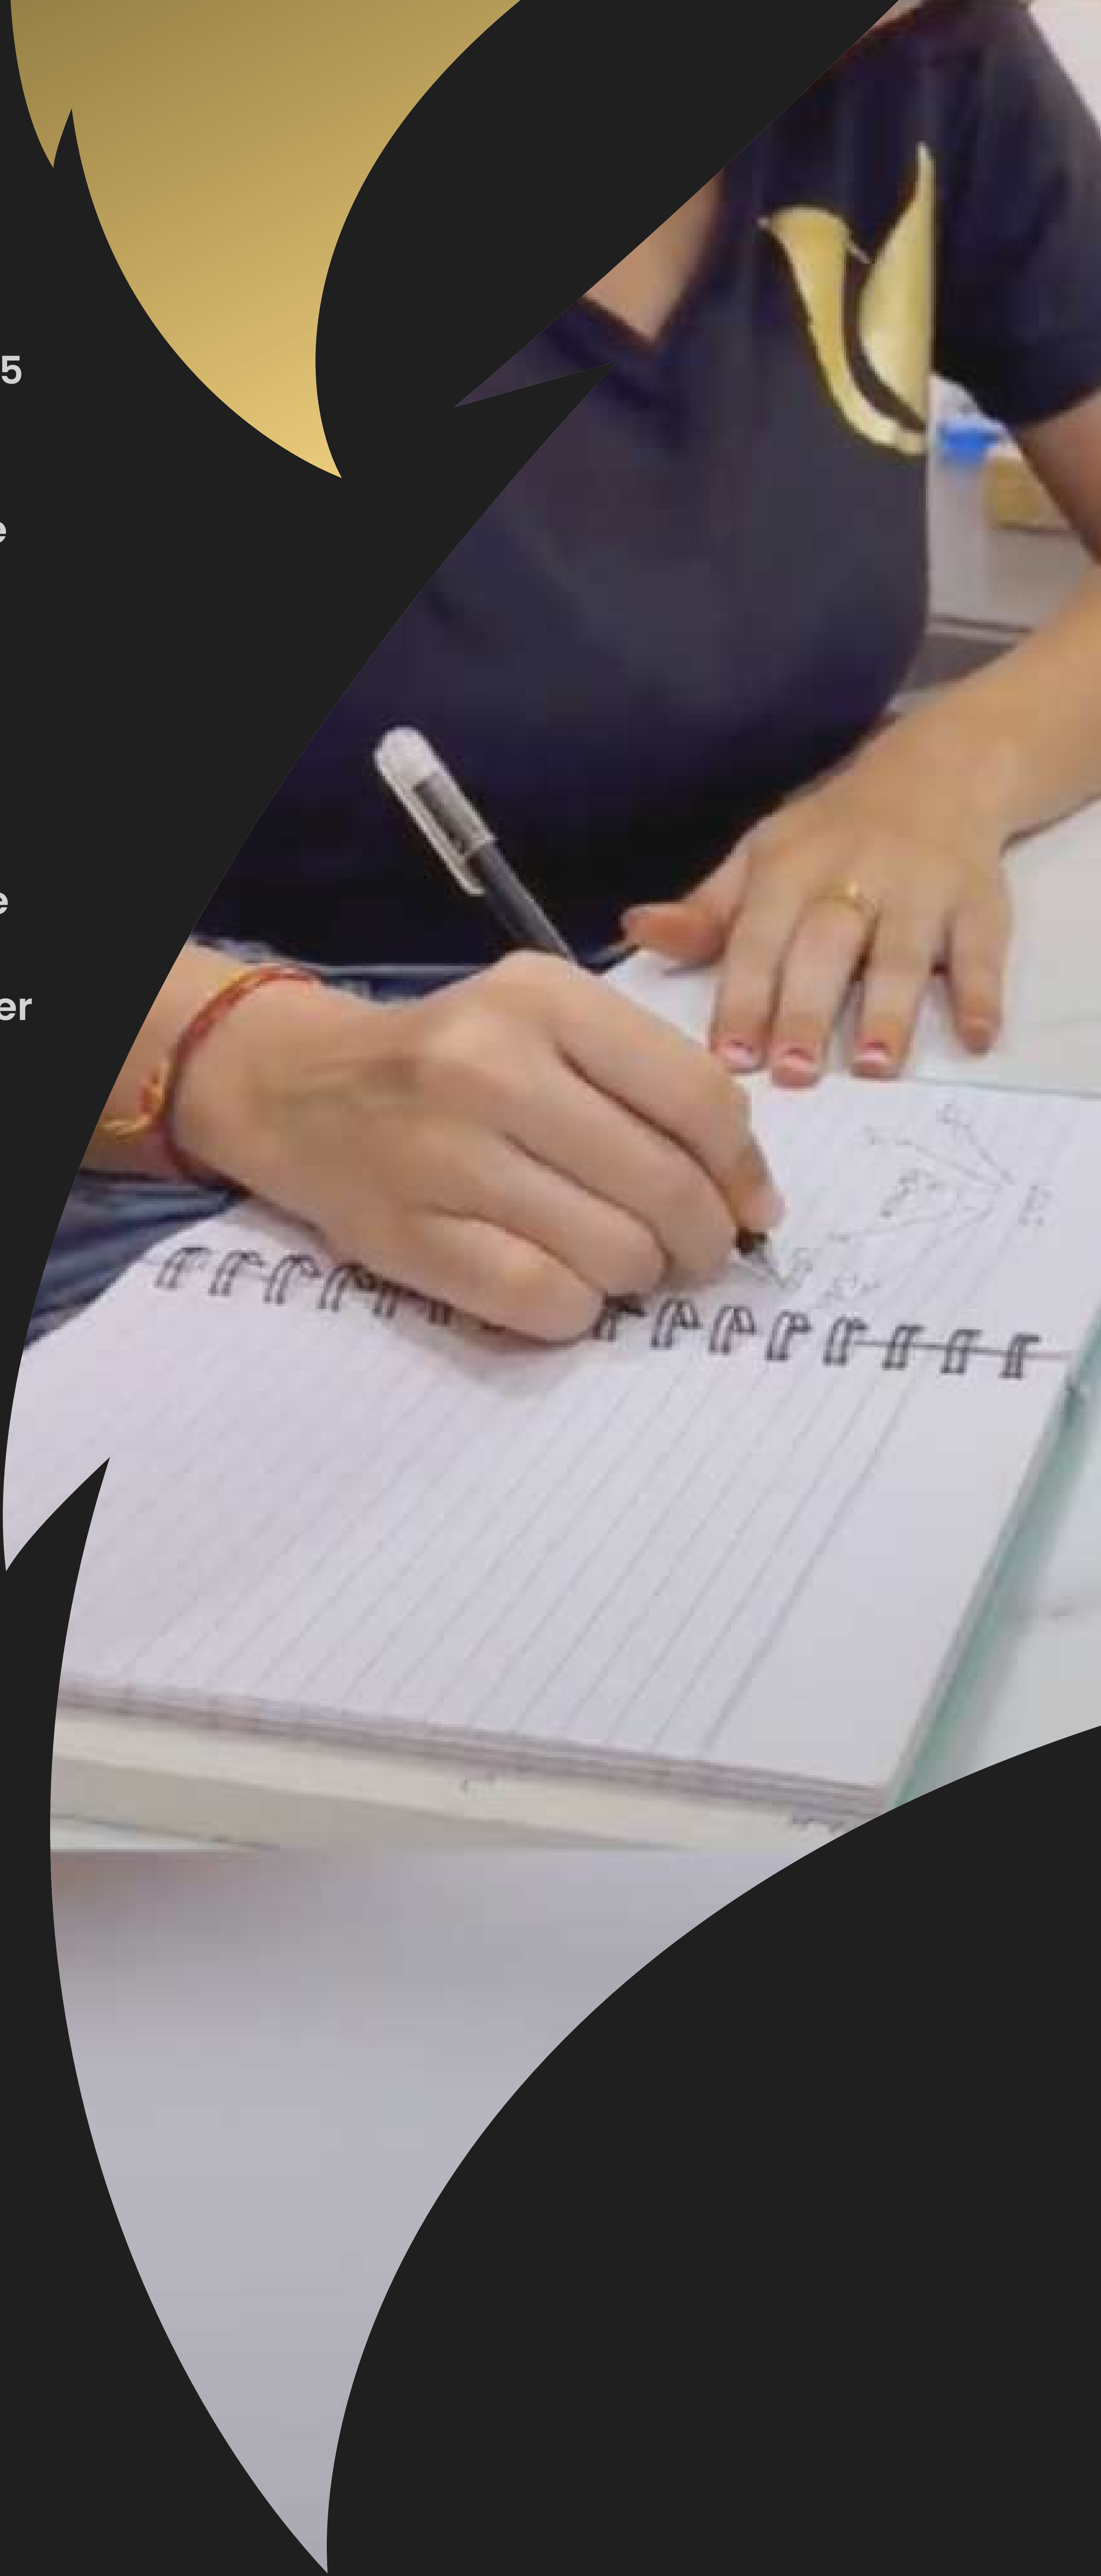

We believe it's the attitude that makes you big. Our approach is designed to put your brand on the front line irrespective of the company's "current" evaluation in the marketplace.

Guiding Light

# UNVEILING OUR MISSION AND VISION

## OUR MISSION

Many experienced people in various domains have often failed to run a successful business due to the lack of appropriate IT aids and support. Our mission is to provide concrete IT solutions to people who are well-learned in their niche and wish to help others with their knowledge and expertise. The world is progressing rampantly and therefore, a technology-driven business has become a necessity to survive in this ever-changing landscape.

## OUR VISION

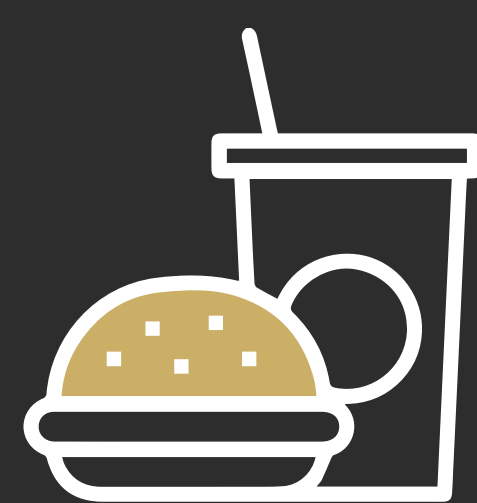

We do not see VSPLE changing the world out there, nor do we aim to do that in the future. But we do want to see the people we are working for, witness the change they dreamt of while subscribing to our services. We see each one of the institutions we have developed and designed, touching new heights and evolving for the better. We visualize various ventures getting what they deserve in the future with our little support and assistance. Our vision is global but we act locally because we believe that small changes can make a huge difference.
