

AUE Student App is an extension for the web-based student portal dedicated for undergraduate and graduate students at the American University in the Emirates.

AUE student mobile app dashboard is the primary place for students where they can check for their CGPA, academic standing, update their personal information and can check for University news. On the other hand, highlight about latest events in Campus and likes brief facts of student academic journey. Students can register for upcoming semesters with this app. The course registration is completed in a three-step process; students first, select their desired faculty and semester, second, decide the semester's schedule according to the timeframes and available courses, and third, can remove courses to an already existing timetable of the semester. Student's will save countless hours regarding tedious paperwork and will gain more time to focus on their education.

The sureti App is for Property Owners. To be clear, the suretiPRO App is for Staff Adjusters and Restoration Contractors.

This app provides an opportunity for Property Owners within the United States to:

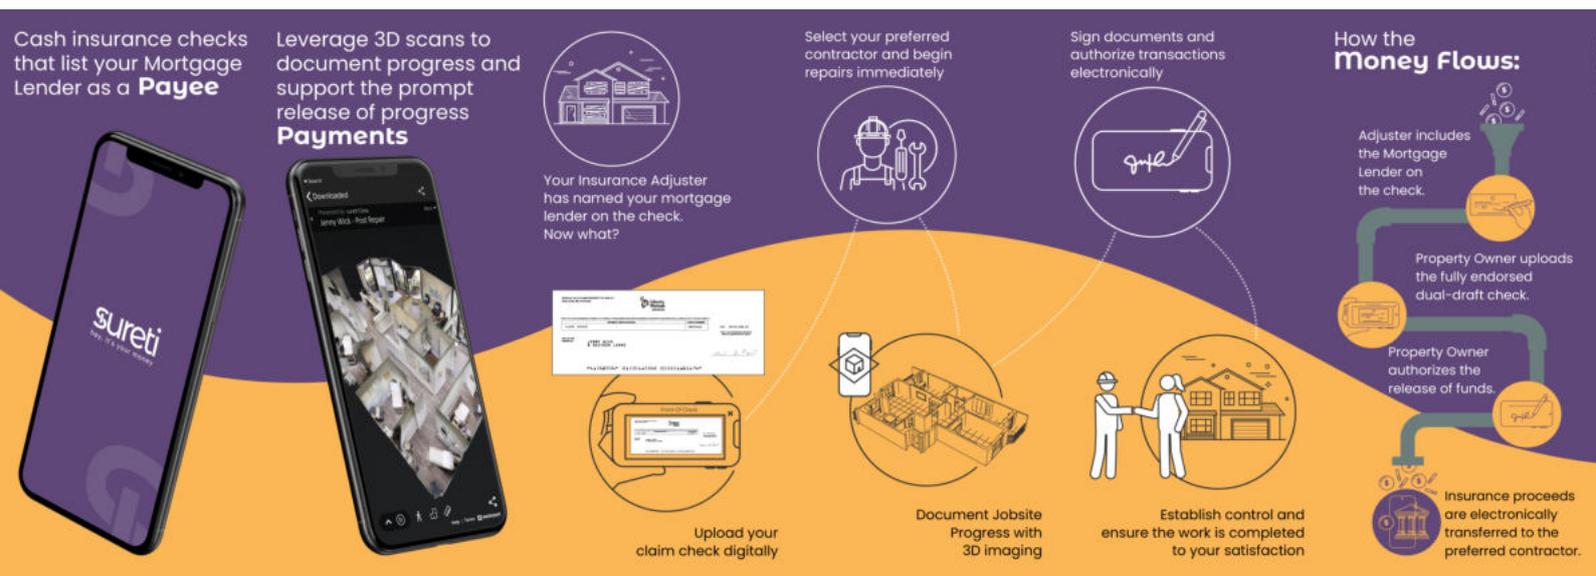

- Select a Preferred Contractor (within the nationwide sureti Network);
- Upload your two-party check (funds will be held in escrow);
- Electronically sign claim packets and simultaneously confirm the identity of the materially interested parties (primarily for your protection as the Property Owner);
- Add Collaborators to your open check (instantly get everyone on the same page);
- Perform ongoing 3D scans of your property that deliver solace to your Lender that you are restoring the property;
- Approve the release of the final payment to your Preferred Contractor (once the work has been completed to your satisfaction);

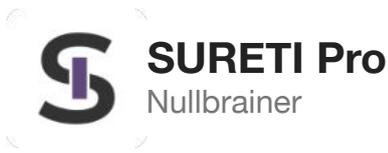

With sureti, you no longer need to:

- Fax in reams of handwritten paperwork under the direction of your lender;
- Hire a notary public to sign-off on said paperwork;
- Pay for property inspections;
- Spend countless hours navigating call centre queues.

Ultimately, sureti relieves you of fantastic levels of administrative burden, while simultaneously increasing the odds that you are connected with a Restoration Contractor that has a proven ability to deliver.

The suretiPRO App is for Contractors and Adjusters. To be clear, the sureti App is for Policyholders/Property Owners.

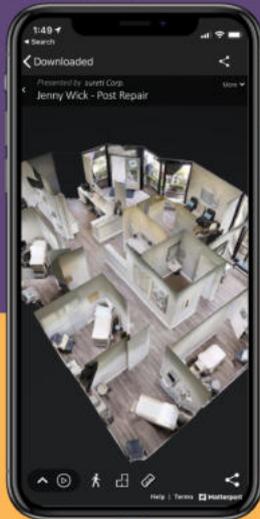

Once you sign up with the suretiPRO App:
Policyholders/Property Owners can add you to their open check as a collaborator;
You can upload the documents required to keep the money moving;
You have the ability to add 3D Scans;
Track the status of the funds as they flow from escrow to the Preferred Contractor.
sureti is proud to be the solution trusted by North America's preeminent Restoration Contractors and Carriers alike.

Our ambition is to impart quality education with integrated curriculum including core Islamic values which focuses on every aspect of child's life for holistic personality development to make students responsible citizen of Pakistan and prepare them to cope with the dynamic challenges of the world.

Dollar Auction

CodeCue

A dollar auction is a simple game, where two participants bid on a dollar bill.

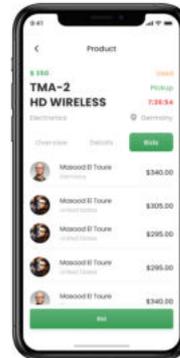

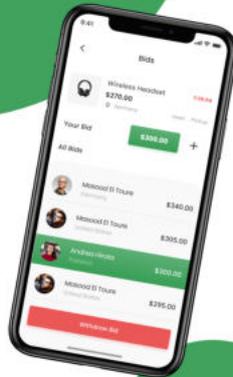

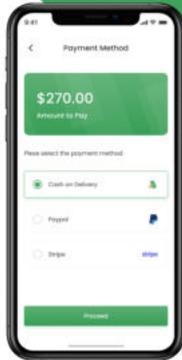

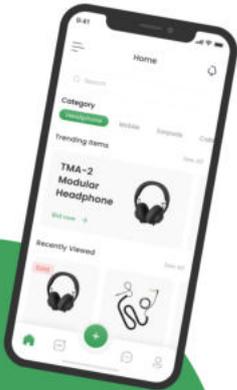

The highest bidder receives the dollar bill and the loser must pay the amount that they bid as well.

Designed by economist Martin Shubik, a dollar auction illustrates a paradox of rational choice theory

In a dollar auction, the winner will typically pay in excess of the face value of the bill.

Gyde
CodeCue

Gyde App is an mentor mentee app where students can schedule the vedio call.

Gyde opens the door for mentees to confidently reach out to mentors and build a solid relationship. Being a mentor is admirable and vital. Sharing one's valuable knowledge and experience can help mold the next generation to be successful. We bring professional and personal interests together, helping make connections stronger and allowing communication to flow. Communication is important to us at Mentorship, we encourage every user to connect, chat, and post motivating and inspirational content. Search for mentors or mentees locally or far away. Giving a little of your time can go a long way. Let's make a difference!

Let's Hook
TechBeyond

Let's Hook App is the world's most popular app for meeting new people.

Think of us as your most dependable wingmate — wherever you go, we'll be there. If you're here to meet new people, expand your social network, meet locals when you're travelling, or just live in the now, you've come to the right place. We're called “the world's awesome app”

Match. Chat. Date. Lets Hook is easy and fun — use the Swipe Right™ feature to like someone, use the Swipe Left™ feature to pass. If someone likes you back, it's a match! We invented the double opt-in so that 2 people will only match when there's a mutual interest. No stress. No rejection. Just tap through the profiles you're interested in, chat online with your matches, and then step away from your phone, meet up in the real world and spark something new.

Now, let's get started. And remember, when in doubt, give a Swipe Right™. Trust us, the more options you have, the better-looking life becomes.
