

RESULTS DELIVERED THROUGH **OPTIMIZED PROCESS**

COMPANY PROFILE

Innovative Quality Certifications Pvt. Ltd.

IQCPL Formed in May 2014, is a CMMI Institute partner,

with a primary objective to provide CMMI DEV, SVC, PCMM and ISMS certifications to organizations in the efficient application of Information Technology and diversifying various segments. IQCPL is accredited by JAS-ANZ (Joint accreditation System of Australia & New Zealand Government) which demonstrates the credibility & impartiality of its Certification audit process and full compliance with ISO. As an experienced certification body, IQCPL is CMMI partner and authorized to assess quality standards. IQCPL has assisted various organizations in diverse sectors for enhancing and developing an effective management system that serves as solid foundation, enabling them to compete in increasingly complex business environ-

IQCPL employs qualified and innovative individuals who have the necessary skills and years of experience to respond to today's, challenging needs. Exceeding client satisfaction motivates IQCPL team.

CMMI APPRAISAL/CERTIFICATIONS:

The CMMI describes the principles and practices underlying software process maturity and is intended to help software organizations improve the maturity of their software processes in terms of an evolutionary path from ad hoc, chaotic processes to mature, disciplined software processes. CMMI is organized into five maturity levels. A maturity level is a well - defined evolutionary plateau toward achieving a mature software process. Each maturity level provides a layer in the foundation for continuous process improvement.

The policy of IQCPL is to achieve the overall aim of quality certification in order to give confidence to all parties concerned and by ensuring that the management system fulfills specified requirements. IQCPL will uphold the value of certification to the highest degree of public confidence and trust that is established by an impartial and competent assessment carried out by embracing the principles as defined in the International Standard IS/ISO/IEC ISO 17021-1:2015.
