Objective

A Full Stack Developer seeking a position at a respected company where I can continue to develop my skills and gain valuable experience from leaders in the software solutions industry.

Experience

Frontend Developer Internship at Monty Mobile – September 2023 – Present

- Developed a responsive and interactive web application utilizing React.js, HTML, CSS, Material-UI (MUI), and integrated Highcharts for comprehensive data visualization, incorporating API integration for dynamic data retrieval and display.
- Implemented authentication and authorization functionalities using JWT for security and JSON for data exchange and integrated MDB for React to enhance UI components.
- Developed a responsive User management app using HTML, CSS, and Jquery.

Software Developer Internship at SoftTech Dubai – March 2023 – May 2023

- Designed and modeled Backend Systems Using Open API Specifications and Swagger 3.0.
- Developed Systems and Services with Restful APIs using Python, Flask, Connexion, JWT for security.
- Stored Database Systems Using MongoDB .
- Deployed the application Using Docker and Amazon Web Services.

Freelance Developer 2022-Present:
- Designed and developed websites using Bootstrap, Node.js, Express.js, EJS.
- Developed Websites using React.js, HTML, CSS, Bootstrap, and Axios.
- Backend: Developed Systems and Services with Restful APIs using Python, Flask, Connexion, MongoDB and Postman.

Volunteer football coach at NGO Ananda Marga Universal Relief Team (AMURT) 2020 – 2022:
- Worked on a football project for girls (ages 14-25) to encourage team work and self-discipline.

Social services at NGO Ananda Marga Universal Relief Team (AMURT) 2020 –2022
- Conducted workshops for refugees about Understanding Cultural Diversity.

Education
