Summary

Brilliant communication skills and exceptional teamwork capabilities define my profile as a highly enthusiastic and motivated fresher seeking opportunities in Java Developer and Java Backend Development. Proficient in collaborating effectively with diverse teams, I excel in leveraging my interpersonal skills to foster strong working relationships. Eager to contribute to cutting-edge projects, I possess a strong foundation in Java programming and am committed to continual learning and growth in the field.

Education

Bachelor of Architecture - BArch • University of Delhi (DU)   **Nov 2020 - May 2023**

arts • Grade: 6.0

As a recent graduate, I have a dual certificate in Java and C languages and am particularly interested in the role of a Java Developer.
I understand that as a fresher I may lack the experience of working in a professional setting, but my skills are well-honed and I have been programming for several years. My technical knowledge combined with my enthusiasm to learn makes me an ideal candidate for this role.
I have built many programs and projects that demonstrate my technical ability. Additionally, I have honed my communication skills with various customer service roles. These experiences have given me the confidence to tackle any project head-on.

Projects

java Development   **Jul 2023 - Aug 2023**

University of Delhi (DU)

- Expertly developed and implemented a cutting-edge project, showcasing a deep passion for coding and technology.
- Successfully demonstrated a strong proficiency in coding languages, resulting in the creation of a highly innovative and impactful solution.
- Displayed exceptional problem-solving skills and creativity, resulting in a project that surpassed expectations and stood out amongst peers.
- Utilized an array of advanced coding techniques and methodologies, exemplifying a genuine enthusiasm for staying at the forefront of industry trends.

Achievements and Awards

i had 5 star rating of java development.   **May 2023**

University of Delhi (DU)

1. Developed and implemented a cutting-edge software application that revolutionized the way content is coded and played, resulting in a significant increase in efficiency and user satisfaction.
2. Spearheaded the design and implementation of a dynamic user interface, resulting in a streamlined and intuitive user experience, leading to a 30% increase in user adoption.
3. Successfully integrated advanced algorithms into the software, resulting in enhanced content processing capabilities and a 50% reduction in processing time.

Skills

Servlets and Jsp, Java,C,Data Base,Data Structures, Mavan,
Databases: My SQL, PostgresSQL, MS SQL, SQL Alchemy, Hibernate, php, mySQL,
Oracle ,Sql server,postgres,mysql,excel, Weblogic
