 - Redux** - Centralizing application state
- Database Management: **MongoDB, PostgreSQL**
- Data Structure and Algorithm – Basic's
- System design
- RESTful API Development
- Version Control: **GitHub**
- AWS Cloud Deployment - Basic's
- Responsive Web Design
- Agile Development (**Scrum**)
- **Problem-Solving** Skills from HackerRank, LeetCode, GUVI codekata

Project

Housing Management (portfolio) - A housing management system (HMS) is a Web based software application that helps housing administrators to track Resident details, Resident Rent, Visitor management, Property management, Complaint Management, etc.

Technology used - React.js(vite), Node.js, MongoDB, Express.js, Socket.io, Razorpay

Professional Experience

KPR Info Solution, Coimbatore, Tamilnadu

Software Developer

December 2022 – Present

→ Developed and maintained responsive web applications using the MERN stack, ensuring optimal performance and scalability.

Collaborated closely with the UI/UX design team to implement pixel-perfect user interfaces based on design mockups.

Implemented RESTful APIs and integrated third-party APIs for enhanced functionality and data retrieval.

Optimized application performance, reduced load times, and improved user experience through code refactoring and performance profiling.

Implemented user authentication and authorization using technologies like JWT tokens and OAuth.

Conducted code reviews and provided constructive feedback to junior developers, fostering a culture of continuous improvement.

Participated in Agile development processes, including sprint planning, daily stand-ups, and retrospectives.

The Duncan Hospital, Raxaul, Bihar

IT Manager

January 2022 - November 2022

→ Assisted in the development and maintenance of web applications using the MERN stack.

Collaborated with senior developers to troubleshoot and debug issues, ensuring the reliability of applications.

Participated in the design and development of responsive front-end components using React.

Assisted in the implementation of RESTful APIs and database schema design.

Gained experience in version control using Git and GitHub.

Freelancer, Coimbatore, TamilNadu

Hardware & Networking

July 2019 - December 2021

→ Support and maintain computer systems and peripherals by installing, configuring, testing, troubleshooting, and repairing hardware.
