

# OUTSOURCYA

## WORK FOR YOU

Outsourcya is an outsourcing company providing services Globally. We especially provide services to those companies and businesses who want to open their offices and branches anywhere in the world specially in Pakistan. We provide turnkey solutions for setting up a new business as per the requirements of our clients. We provide complete consultancy about starting a new business or opening a branch office in Pakistan.

The main problem for any company to enter a new country is to select the right place for doing any business and hire the right company who can do all the activities regarding setting up the right workplace and making a working environment as per requirement. Outsourcya provides complete workplace solutions and many more services for you.

The services we provide:

1. Search a best workplace for you (As per your business or company).
2. Setup a new office for you. (As per your required workplace environment).
3. Arrange a shared work place for starting work immediately.
4. Estimate and forecast the total project cost.
5. Search and Connect with several Contractors as per requirement.
6. Arrange and take work from Real estate agents, Property owners, Architects, Consultants and Contractors as per your requirements.

7. Look after your project directly on behalf of you.
8. Updating you directly regarding your project.
9. Making strategies to Handing over and Taking over the project to you on a given time period.

The main purpose of Outsourcya is to provide services ethically to their valuable clients and setting up a new brand image. We can take on all the problems of our clients and make customers happy. Our motive is to help our clients to start a new business or company easily and provide a friendly and hassle-free environment for working in a new country. We have several networks who can make us more efficient for outsourcing business.

“We can make market for foreign companies to do business globally”
