Comsats Institute of Information Technology
Bachelor of Software Engineer
Graduation Sep-2021

PROFESSIONAL EXPERIENCE:

Banao Technologies- Abu Hail-Dubai

Designing a business app for a company involves creating a user-friendly and efficient digital tool tailored to the company's needs. This app will streamline operations, enhance customer interactions, and potentially improve overall productivity and profitability.

Uprock Tech- Rawalpindi-Pakistan

Collaborated in cross-functional teams to design and maintain Android apps, using Java and Kotlin, ensuring code efficiency and seamless user experiences. Integrated third-party APIs, conducted code reviews, optimized performance, and worked with QA for bug-free apps, staying updated on Android trends and best practices.

Solution of Technology- Rawalpindi-Pakistan

Assisted in Android app development, gaining experience with Java and Kotlin, and collaborated on feature implementation. Contributed to code quality improvements, UI design, version control, and testing for reliable applications.
