Design Tool	Adobe Photoshop, Canva, Figma
CMS Specialist	WordPress, Webflow, Shopify Store

Experience

Project Manager - Web Developer | PHP | Laravel | Wordpress | Jan-2022 to April-2024

EC Services Private Limited, Islamabad

Technology Stack: PHP, Laravel, Html, CSS, Bootstrap, JavaScript, JQuery

- I focused on leveraging Laravel to craft numerous websites and learning management systems (LMS).
- With Laravel's robust features and my expertise, I successfully delivered high-quality projects that met requirements and enhanced user experiences.
- Managed end-to-end web development projects, serving as the primary liaison between clients and the development team to ensure timely and successful project delivery.
- Developed responsive and dynamic web applications using PHP and Laravel, focusing on usability, performance, and scalability.
- Implemented front-end designs and user interfaces using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and mobile responsiveness.
- Integrated third-party APIs and services to enhance website functionality and user experience.
- Conducted code reviews, testing, and debugging to maintain high code quality and optimize website performance.
- Collaborated with designers, developers, and stakeholders to define project requirements, scope, and timelines, ensuring alignment with business goals and objectives.

Web Developer | PHP | Laravel | Wordpress | Jan-2021 to Aug-2021

Nest Tec Ventures Private Limited, Islamabad

Technology Stack: PHP, Laravel, Html, CSS, Bootstrap, JavaScript, JQuery

- Orchestrated full-cycle web development projects, acting as the pivotal link between clients and the development team to guarantee prompt and effective project execution.
- Engineered responsive, feature-rich web applications utilizing PHP and Laravel, with a sharp focus on user-centric design, speed, and scalability.
- Crafted visually stunning front-end interfaces using HTML, CSS, and JavaScript, guaranteeing optimal performance across various browsers and devices.
- Integrated external APIs and services to augment website functionality and enrich user interaction.
- Executed thorough code reviews, testing, and troubleshooting to uphold code integrity and enhance website efficiency.
- Collaborated closely with designers, developers, and stakeholders to define project objectives, deliverables, and timelines, ensuring alignment with organizational objectives.

Web Developer | PHP | Laravel | Wordpress | Aug-2020 to Dec-2020

BrainArt Private Limited, Islamabad

Technology Stack: PHP, Laravel, Vue JS, Html, CSS, Bootstrap, JavaScript, JQuery

- Led front-end development efforts, utilizing HTML, CSS, and JavaScript to create engaging user interfaces that enhance user experience and interaction.
- Collaborated closely with designers to implement responsive designs and ensure consistent user interface across all platforms.
- Assisted in back-end development tasks using PHP and Laravel, contributing to database management and ensuring seamless functionality of web applications.

Projects

EC-Services Private limited website | IT Service Provider

- **Description:** EC Services a comprehensive HR management system for an IT services and HR outsourcing company. The project aimed to automate HR processes, enhance data accuracy, and improve overall operational efficiency using PHP and Laravel.
- **Technology Stack:** PHP, Laravel, Html, CSS, Bootstrap, JavaScript, JQuery
- **Responsibility:** Built and maintained the HR management system using PHP and Laravel. Collaborated with cross-functional teams to ensure seamless integration of IT services and optimize HR workflows.

Galaxy Dollars Website | Investment & Earning website

- **Description:** Project with various bundles to sell products and services online, enabling our community members to utilize the technique of 'direct sale' and earn a handsome commission. Which reduces the cost of a middleman, and the savings are turned into commission, which is then divided among teams in favor of their selling efforts.
- **Technology Stack:** PHP, Laravel, Html, CSS, Bootstrap, JavaScript, JQuery
- **Responsibility:** Designed and implemented a platform using PHP and Laravel to facilitate direct sales and commission distribution. Ensured secure transactions and optimized user experience for community members.

Picktiles.com | Building Material

- **Description:** An e-commerce website which offers tiles, ceramic etc it has a specific calculator that calculates the area and estimates how many tiles, grouts etc you will need.
- **Technology Stack:** PHP, Laravel, Html, CSS, Bootstrap, JavaScript, JQuery
- **Responsibility:** Developed and maintained the e-commerce platform using PHP and Laravel, incorporating a custom area calculator to estimate product requirements. Enhanced user experience by ensuring accurate calculations and seamless navigation.

LMS EC Services | Learning Management System

- **Description:** Developed and implemented a comprehensive Learning Management System (LMS) with user-friendly interfaces and multimedia content integration. Implemented features like course creation, progress tracking, and assessments. Collaborated with educators to tailor the system to specific needs, enhancing user engagement. Ensured system scalability, security, and industry compliance.
- **Technology Stack:** PHP, Laravel, Html, CSS, Bootstrap, JavaScript, JQuery
- **Responsibility:** Designed and implemented the platform using PHP and Laravel, ensuring an engaging and user-friendly interface. Integrated interactive features and progress tracking to enhance the learning experience.

Leadership & Activities
