

SUHIB CHARBAJI

Mobile Developer

Summary:

Results-oriented Senior Mobile Developer with 4 years of hands-on experience in developing high-performance mobile applications for Android and iOS platforms. Specialized in utilizing Flutter and Dart to create robust and scalable app architectures with state management techniques like Riverpod. Proven ability to lead development teams, mentor junior developers, and implement secure coding practices to deliver high-quality software solutions. Committed to leveraging cutting-edge technologies to build user-centric mobile applications that drive business success. Recognized for delivering projects on time and within budget while exceeding client expectations through innovative and efficient coding practices.
