-------------------------	---------------------------

My name is Jayprakash patel, I am From Utter Pradesh. I always had an interest in Computers to become a software engineer and make my family proud of my work. I completed my school Education at a private college and have an interest in Technology. I started learning Python and Javascript / Reactjs / HTML5/ CSS3/ Bootstrap4/Material UI/ Reactstrap/ Redux at Navgurukul. I am still learning in Navgurukul.

WORK EXPERIENCE

3mbed Software technology (June 30, 2022 - December 25, 2022)

React Js (Front-End Developer)

I have 6 months Experience of React js developer. I am working as an Internship. working on some project-based react js, javascript, Redux, HTML, and CSS & also working on a framework bootstrap5 and Material UI.

Disciplinary Committee (December 31, 2021 - March 30, 2022)

Navgurukul

Being a part of the Disciplinary Committee at NavGurukul, I am responsible for overall discipline and decorum. I'm learning to exercise my leadership skills to maintain seriousness on the whole campus among the 50+ students and also taking strict action going against the tide sometimes.

IT coordinator (March 31, 2022 - June 29, 2022)

Navgurukul

It was a great opportunity for me that I was serving the post of IT Coordinator inNavGurukul, In which I was managing the IT infrastructure for the whole community.

EDUCATION

Veer Bahadur Singh Purvanchal University (July 31, 2017 - August 14, 2020)

B.com, Finance

Pass

NavGurukul (December 31, 2020 - December 30, 2022)

IIT Diploma, Software Engineer

Pass

Learning Software Engineering with a two-year residential program and also learning many social & teamwork related skills, like scrum methodology and coding all day doing other life skill activities.

VOLUNTEER EXPERIENCE

Navgurukul (December 31, 2021 - April 30, 2022)

Student Menter

I was selected as a mentor for students in NavGurukul. I got empowered to be capable of taking this opportunity. From this, have learned how to debug codes &explain the code to mentees which help me in enhancing my knowledge. It helps me in revising my codes too

PUBLICATIONS

NavGurukul

Software Engineering

NavGurukul started by an IIT-D alumnus & Entrepreneurs runs a two-year intense course for academically bright students to learn programming & get high-paying jobs. Students learn without a teacher & hence are self-starters and problem-solvers. You not only hire someone talented & loyal but also help in increasing workplace diversity.

PROJECTS

Python

KBC Game

This is a command-line game in which the user has to guess the correct answer to a question and the user has four options like in the KBC game. If the user chooses any wrong answer then he will lose the game.

↪ <https://github.com/jaypatel149/KBC-CLI-Game/blob/master/kbc.py>

Python

IMDB Movie Scraper

I implemented a scraper of IMDB to scrape data of different Indian Hindi movies and then, I did different kinds of analysis on them to understand things like movies liked by a certain gender, age group of people, frequent co-actors etcetera. I used the BeautifulSoup module of Python in this project.
